

# Parades mark Memorial Day services

New Lenox, Frankfort and Mokena will all have parades in observance of Memorial Day. Originally set for May 30 by the Grand Army of the Republic to honor the Unions dead in the Civil War, it has now been taken over by the makers of the weekend calendar and this year will be observed Monday, May 30.

In the South it is called Decoration Day and there are three different dates for its observance, April 26, May 10 and June 30.

The day is now observed in honor of the dead of all wars in which this nation has been a participant.

In Mokena, where William Martin Post, Veterans of Foreign Wars, will have charge of the program, observance of Memorial Day has been set for Saturday, May 27.

The parade is to form at 9:30 a.m. in front of VFW Hall, 19852 Wolf Road, and be ready to move off at 10 a.m. It will move north on Wolf Road to St. Mary Cemetery, the first of three cemeteries to be visited.

The Mokena grade school band, under the direction of Perry Friedman, will be waiting at the cemetery, and after the ceremony there will become part of the parade.

The parade will return south along Wolf Road for a halt at Pioneer Cemetery and then after a ceremony at St. John's Cemetery it will disband.

The Mokena grade school band, under the direction of Perry Friedman, will be waiting at the cemetery, and after the ceremony there will become part of the parade.

The parade will return south along Wolf Road for a halt at Pioneer Cemetery and then after a ceremony at St. John's Cemetery it will disband.

At each of the cemeteries the roll of the dead service men of Mokena will be read, a three-volley salute fired and Taps sounded. Ervin D. Friant will be in charge of the parade. Participants will be the Mokena fire and police departments, members of the VFW post and the Women's Auxiliary, the firemen's Women's Auxiliary, the Auxiliary Police, Boy, Girl and Cub Scouts.

Frankfort and New Lenox will have their observances on Monday, May 29.

The parade at Frankfort is scheduled to start at 10 a.m. and the one at New Lenox at 10:30 a.m.

The Frankfort parade is to form at

9:30 a.m. on the Frankfort School grounds. It will move from there east to Ash Street, south on Ash to Kansas Street, then west to Maple and on Maple to Nebraska Street where the marchers will board buses for the trip to the cemetery.

There Attorney George E. Sangmeister will read the roll of Frankfort's war dead, a salute will be fired and Taps blown.

The parade will pause at Kansas and Hickory Street while a wreath is laid at the monument erected to the community's service men. Representatives of Bobzin-Swinford Post, American Legion, will lay the wreath.

Members of the post, the Women's Auxiliary, the fire and police departments, their auxiliaries, Boy Scouts, Girl Scouts, Cubs and Brownies, and

village officials will all take part in the parade. The grade school band, directed by Perry Friedman, will also march.

Harry E. Anderson Post, Veterans of Foreign Wars, will have charge of Memorial Day observances at New Lenox. The Lincoln-Way High School and the New Lenox band, directed respectively by Robert Taylor and Tom Goodwin, will march in the parade and the high school band will also play at the cemetery.

The parade is to form at 10 a.m. on St. Jude School grounds and move off at 10:30, going east to Cedar Road and north on Cedar to Haven Avenue, thence west to the cemetery where ceremonies will take place at a central point. The Rev. Vernon Shetter, pastor of the New Lenox Church of the Nazarene is

scheduled to speak.

Members of the village board will march in the parade. Also represented will be the police and fire departments, the color guard from Cole Gordon Post, American Legion, Joliet, will take part, according to William Cruise, parade chairman, and several other marching units from Joliet, including the Pat Petites and Precisionettes. The Irish American Club of Joliet, the Minut School of Dance pupils, several 4-H groups, the New Lenox fire and police departments, the VFW post and Women's Auxiliary, the East Joliet fire department, Little Leaguers, Y Indian Guides, Girl and Boy Scout troops, Cub Scouts and Brownies will also be in the line of march and the New Lenox Association of Commerce and several business places will also be represented.

Architect's sketch showing the New Lenox State Bank when the new addition has been completed. A blasting ban has made the excavating a longer process.

## Bank addition progressing

NEW LENOX — Work on the addition to the New Lenox State Bank has reached the point where another week should see the start of foundations. Excavation for the lower level was begun about five weeks ago. The reason for the delay was because rock was encountered at 18 to 24 inches below ground surface and digging it out has been a slow process.

The village did not want any blasting, so the contractor has been chipping the rock with a king-size air hammer. Last week the excavation was down 13 feet and was expected to be finished in another week weather permitting.

The addition to be erected will be a one

story structure but other floors can be added later. Safety deposit boxes will be moved to the lower level and there will be an elevator to accommodate people.

A letter has been sent to all the bank's customers asking them to excuse any inconvenience the building program may cause them. Construction has closed up the regular drive-up service for depositors but a temporary facility has been placed at the southwest corner of the property.

The new addition will be 60 by 80 feet, and is to be built on the east side of the present building, and will include four modern drive-up windows on the south side.

## Smoke testing to seek illegal sewer hook ups

FRANKFORT — The Frankfort grade school board has joined with the Highland Park-Deerfield District and others in their attempt to create equal state funding for dual and unit district schools.

Some years ago in a drive to reduce the number of school districts, state school officials prevailed upon the legislature to offer an improved financial returns to unit districts over dual systems.

Unit districts are those in which grade and high schools are combined into one system. Dual districts are those in which grade and high school districts operate separately. The state was successful in getting rid of one-room school districts but less successful in pushing for unit districts.

Persons opposed to larger forms of government have been fighting against unit districts on the grounds there is no limit as to their size. They could be

county wide or take in several counties according to unit opponents.

The qualifying amount for a unit district, as the base of the formula for state aid, is 1.08 as compared to .87 for a dual system district. The rest of the formula which is pretty much taken up with enrollment and daily attendance figures.

The dual systems are now seeking the same size slice of pie that is served to the unit districts.

In other business — The board approved recommendations of Superintendent Leroy M. Olson for employment of the following personnel:

Miss Elizabeth Ryan, to teach third grade for 1972-73; she is a graduate of DePauw University and presently teaching in the Farmland District in Indiana. Miss Ryan has 24 graduate hours beyond her bachelor degree and is working on her master's.

Mrs. Joan Carollo as teacher aid for fifth grade. Mrs. Carollo has had several years experience as a teacher's aide in the Calumet Park schools.

Mrs. Shelby Knoll has been employed as secretary for the Chelsea School. Her employment is to begin this August.

The milk bid of Weber Dairy, Joliet, was accepted for the coming school year. The bid, .069 for white milk and .071 for chocolate milk. The only other bidder Dixie Dairy, asked .071 for white milk and .074 for chocolate milk.

The board authorized continuance of optional student insurance through the School Insured Plans of America, Inc. The rate for student insurance next year will be the same as now \$2 for school-time coverage and \$12 for 24-hour coverage.

Meeting dates of the board for the coming school year have been set: Dates are July 10, Aug. 14, Sept. 11, Oct. 9, Nov. 13, Dec. 11, Jan. 8, Feb. 12, March 12 and April 9.

The next meeting will be at 7:30 p.m. June 12 in the Frankfort School library.

## Districts seeking equal state funding

NEW LENOX — Smoke tests are to be made east and west of Cedar Road north of U.S. 30 to determine if any downspouts are connected with the sanitary sewer, according to Trustee Francis Miller, chairman of the sewer and water committee of the village board.

The tests will be made as soon as weather and ground conditions permit, it was said. In making these tests sewer mains are blocked off and then smoke is introduced under pressure. The smoke flows into tiles linking homes and commercial buildings with the mains. Where there are leaks in the tiles or mains the smoke will come up through the ground, unless the ground is wet. The smoke also comes pouring out the tops of the downspouts if they are connected with the sanitary sewer.

According to village ordinance and

state law it is illegal to connect downspouts with sanitary sewer mains. The village ordinance provides penalties for such violation and each day the situation goes unremedied is listed as a separate offense.

Terry Small, Forest Street, and some of his neighbors have been complaining that heavy rains causes surface water and sewage to back up into their homes. Small made a count of downspouts that appeared to go into the ground, as far as he could see from the street. He came up with a count of 96.

Trustee Miller had a village employee check on these downspouts that appeared to go into the ground, as far as he could see from the street. He came up with a count of 96.

Trustee Miller had a village employee check on these downspouts and it was

found that most of them only penetrated the ground to link up with a horizontal pipe or tile that carried the water out toward the lot boundaries. There were about 30 that he described as "doubtful." These will be subjected to smoke tests.

John Djerf, of Robert Hamilton Associated, village engineer, reported that the new water system has been basically completed. The lines have flushed and tested and the storage tank drained so it could be painted. It so happened that the tank was drained at the same time the contractor was testing the lines which put a lot of water through the sewage treatment plant and cause some pressure alterations, for a time, in the water system.

Engineers and village officials are

still working on the rust problem. If the village has to install iron removal filters as a last resort it was said it will cost about \$90,000.

Village Attorney Wayne Johnson told the board that the prosecution of condemnation cases to remove dilapidated or property that is hazardous or detrimental to the health of the public is now a county instead of a municipal matter and that the state's attorney's office has charge of such, working in conjunction with the health and building departments.

There are two properties that the village wants removed and Johnson explained that he has been talking with State's Attorney Louis Bertani and hopes for speedy action. Right now, he

said, county funds for such purpose have to be made available in a supplemental budget by the new county board. Johnson recommended that the village go on record as advancing \$100 for title search expense for each of the two properties so the state's attorney's office can proceed. The board approved the recommendation.

The village received a check for \$38,500 from the Barr heirs as tap-on fees for sewer and water per the pre-annexation agreement covering property along the south side of U.S. 30, west of New Lenox.

## Resident criticizes planning commission

NEW LENOX — Joe Davies, 320 W. Haven, who has been critical of some aspects of the Levitt and Sons Planned Unit Development, distributed copies of a letter addressed to Lewis Loebe, Plan Commission chairman, to village board members at their regular meeting last Wednesday.

In presenting the letter to the board Davies said he was surprised on Monday night of last week to see lights in the village hall and find the Plan Commission members having a meeting. There was no action taken at this meeting and Davies not only was invited

to remain but also given opportunity to voice his views, he said, but nevertheless he thought that the public should be notified in advance of all such meetings.

"We are very much interested in this planned unit development," Davies said.

Trustee Francis Miller asked to whom Davies was referring when he said, "We?"

"Do you represent some organization, Mr. Davies, do you represent a group?" Davies replied that he did not represent any organization or group other than those citizens who are in-

terested in the welfare of the community.

The letter to Loebe reads in part:

"... Section 12.43 of the zoning ordinance provides that testimony of witnesses be given under oath, and it is requested that this be done and that the hearings be conducted in accordance with the provisions of that section of the zoning ordinance.

"It is requested that sufficient notice in advance of any hearings should be given so that interested parties may attend the same. (No suggestion was made as to the form such notice should take.)

"The financial impact study now being conducted should be handled in the same manner. It is expected the testimony of the financial expert will reflect the findings of facts set forth in Section 9.66 of the zoning ordinance. The desirability of the proposed plan to the physical development, tax base, and economic well-being of the entire community." The community referred to herein is, according to our understanding, the area covered by the master plan. In this area there are the

following taxing bodies, grade . . . high school . . . junior college districts, township, fire protection district and the park district . . .

Davies, saying that he based his thoughts on the expressions attributed to the village engineer, feared the effects of the proposed planned unit development on the water supply and the capacity of the sewage treatment plant. He also takes a dark view from an environmental standpoint.

"... It also was brought out at the public meeting," the letter concludes, "that although the Illinois State Environmental Agency would not prevent discharge of storm water from the proposed development into Hickory Creek, but if at any future time such discharge becomes contaminated, the water must be purified before entering the creek. The storm water from a development of this size is certain to become contaminated at some future date with salt, cinders, oil from automobiles and other public refuse." Mayor Joseph Hartung thanked Davies for his interest and assured him no secret meetings were being held.

## Mokena's annual clean-up

MOKENA — The annual spring clean-up campaign in Mokena — May 20-27 — got off to a good start last Saturday with volunteer crews clearing the parking mall and other public property of litter and debris. There is a lot of junk and debris picked up by householders that are piled along curbs awaiting pick-up by the regular disposal service. Nu-Way has the contract for garbage pick-up at Mokena and is expected to pick up the trash set out with the garbage. Mayor Will Tuttle said the village would take care of any extra charges, if of a nominal or moderate nature but if the charges were too heavy some adjustments would have to be made with the householders responsible.

Any extra charges, if any, incurred by residents outside the municipal limits would be borne by them, it was explained.

Among the volunteers who turned out last Saturday were the mayor, two of his sons, Will T. and Neil; Michael Buske, Dave Morlan; Barbara and Leslie Manhart, Carol O'Reilly, Karen Ingemansen, Jane Johnson, Missy Raffauf, Theresa Settles and Collette Hug, of Girl Scout Troop 387.

Refreshments for the workers were prepared and served at the Zodiac Club by Bernice Teague, Beryl Teague, Lynn Teske, Nelvie Tremel, Junaita Manhart, Donald Teague and Cindy Johnston. By the weekend village officials hope to find Mokena spic and span.

# Village adopts builder donation plan

NEW LENOX — The New Lenox village board has adopted the ordinance urged by the Lincoln-Way High School and the underlying grade school districts providing for financial aid from subdividers and builders.

Under its terms a formula has been set up for either donations of land or cash, in lieu of land, and would cover all housing, whether it involves one structure or many.

The reason for such a program is

because of the time lag between the time a house is built and the time the first taxes are collected. The average is about two years. Meanwhile expenses of the schools mount because of increased enrollments brought about by housing

developments such problems they will be offset in part, at least, through the contributions.

Village Attorney Wayne Johnson said that he and the attorneys for Mokena, Frankfort and Manhattan, worked out an ordinance that is the same for all four villages.

Arrangements for the donations between the school districts effected and the developers will be made before final subdivision plans are signed and payments made when building permits are issued it was said.

It has been suggested that the county board adopt a similar measure so all the unincorporated areas lying beyond the mile and a half radius of villages with master plans would be covered.

The village board of Mokena was scheduled to adopt such an ordinance this week and the Frankfort board, which has already indicated approval of the measure, is slated to formally adopt it at its meeting June 5.

The ordinance adopted at New Lenox appears in detail on another page this issue.

## Phone cable cuts costly

SOUTHWEST — Buried treasure is a fascinating subject for many including engineers for Illinois Bell Telephone Co. Their buried cable isn't as romantic as doubloons and pieces of eight but just the same it runs into quite a bit of money, especially when some contractor breaks one while excavating for some purpose, it was pointed out, not to speak of the inconvenience to subscribers because of interrupted service.

To help solve the problem of damage to buried cable in the area, Illinois Bell has established a cable locator bureau where personnel are equipped to handle all cable location requests, answer questions about buried cable and see if a field visit is needed and then set up appointments for the visits.

In addition to Joliet the new center serves Frankfort, Mokena, Manhattan, Elwood, Lockport, Lemont, Plainfield and Wilmington.

"This bureau is designed to build on the familiar, 'Call Before You Dig' theme which the company emphasizes all year long," said Mel Rull, Illinois Bell district plant manager.

"The significant difference is the new method devised for quick location of cables. We've designed the bureau to speed up cable location when customers who plan excavation work call in. We're encouraging contractors, utilities and individuals to call 24 hours ahead of actual digging. Even private home owners planting a bush or tree stand the risk of cutting phone lines."

"We want to inform the caller, while he or she is on the line, if cable is in the digging area," said Steve Matichak, the cable maintenance supervisor. "When cable is in the area, our cable locator will meet the individual at the digging site and mark the location of the cable."

"Last year cable damage in the area cost an estimated \$180,000 to restore," Rull added. "This was the result of 89 cable cuts which severed nearly 50,000 phone lines. In 50 percent of these cases, we received no call; and in the other cases we received such short notice that we were unable to meet the requests." Illinois Bell estimates there are nearly 3,300 miles of cable buried at considerable expense in the area.

## Behavioral club has busy year

NEW LENOX — All the world's a stage for the members of the Lincoln-Way Behavioral Sciences Club now nearing completion of its first year's crowded activity schedule. The club was formed last Fall by students and faculty members of the social science studios department at Lincoln-Way High School. The club specializes in areas related to psychology, sociology and anthropology.

Members have suggested countless places to visit in Illinois and surrounding areas. There seems to be no end to the things to be seen and do. In most cases visits have been to locations to which it is not practical to take a large group, but which will add to the students' general education or understanding of specific topics covered in the classroom.

One of the first trips of the year was to Dickson Mounds Museum, near Ha-

vana, Ill. There students examined remains of ancient Illinois Indians. Old houses, ceremonial tools, art objects and skeletons were on display in the recently opened museum building.

A multi-media demonstration dealing with a cemetery, now completely enclosed by the museum. Stereo slide projectors, unusual lighting and narration combined for a most exciting presentation.

Other visits have taken the club to Chicago to visit the museums, hear lectures, tour ethnic neighborhoods, view the surrounding area from the top of the Hancock Building, and take an excursion on Lake Michigan.

The most recent trip was to the Galena area. The group visited a Trappist monastery in Iowa, the Old French Settlement near the Mississippi.

The club has taken part in several serv-

ice projects within the school. For one it rented the film, "Summerhill," dealing with a radically new school in England, and made it available to other social study classes. Literature has been distributed on preparation and qualifications for a career in behavioral sciences.

The only club officer is Cindy Thompson, who acts as secretary. Faculty sponsors are Randy Pavlik and Wayne Carroll. Other faculty members of the social studies department often participate in club activities. This helps to bring students and teachers together in an out-of-school activity both enjoy.

Members of the club include Kathy Albert, Vicky Cumbee, Denise Curry, Doug Emery, Diane Kime, Brian Little, Elaine Roessel, Mike Snyder, Debbie Warmbold, Marilyn Wysocki, Joy Richards, Shauna Moore and Miss Thompson.

## State recreation guide now available to public

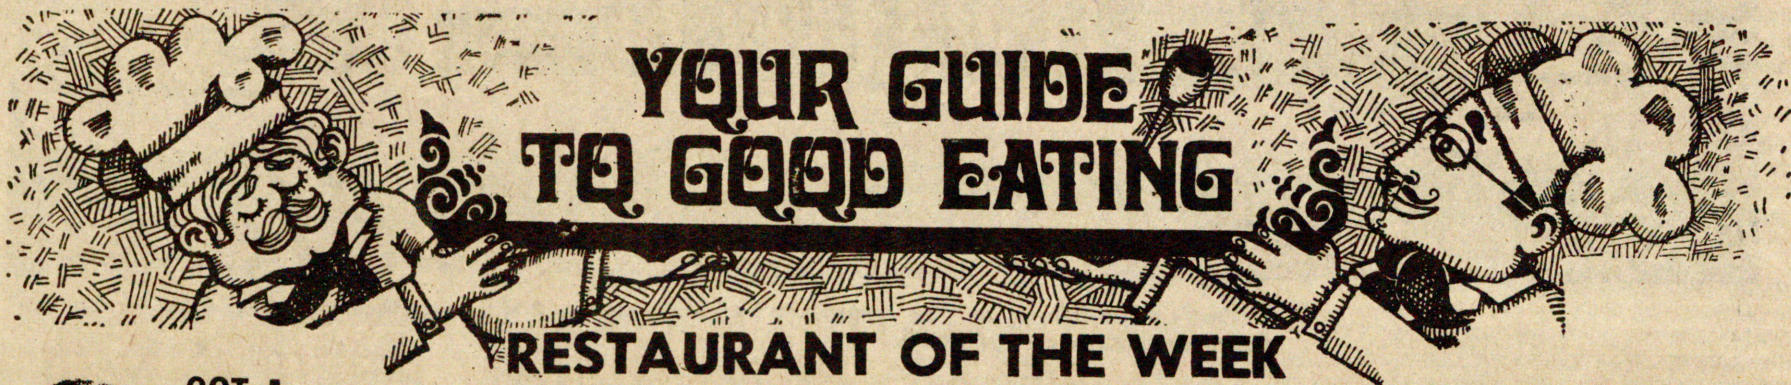

SPRINGFIELD — The first comprehensive travel and recreation guide for the state of Illinois is now available at most news stands and bookstores in the state, according to the publishers, Heritage Publications of Salem, Illinois.

Named the Illinois Weekender, the guide contains 256 pages of travel information especially designed for weekend and one day excursions. Points of interest throughout the state are covered. Automobile tours and special features on selected attractions are also

included.

The travel guide covers over 500 points of interest and mentions 240 cities and towns in Illinois.

The new Illinois Weekender was first introduced to the trade about 30 days ago according to Lex Shuler, a partner in the new publishing venture. "Since that time we've been hustling to keep up with the demand", Shuler said. "The response has been fantastic and that certainly speaks well for the interest in our state", he added.

# Third airport planned

WILL COUNTY — Plans should proceed immediately for land acquisition and construction of a third major Chicago area airport in the Kankakee-Joliet region, according to Congressman Harold Collier (R-10th). Collier made his statement recently concerning a third major airport in light of Mayor Richard Daley's announcement that a greatly expanded O'Hare airport would be sufficient to handle Chicago air traffic.

Collier has long opposed expansion of O'Hare and has sought to direct airport

efforts toward the Joliet region.

"Unless action is taken for land acquisition within the next year," he said, speaking of the Joliet area "we cannot expect the kind of relief from jet noise to which the people in the communities surrounding (O'Hare) are entitled."

Collier again urged the consideration of the Will County site for a third airport following Daley's abandonment of an airport in Lake Michigan and release of the Federal Aviation Administration's annual report again showing O'Hare to

be the busiest air terminal in the world.

Quoting from the FAA report, Collier pointed out operations of the field in 1971 reached 641,529 and the number of take-offs and landings exceeded by some 63,000 the operations of the second busiest airport at Long Beach, Calif.

Collier also disagreed with statements by Daley that O'Hare's capacity can be increased by 50 percent with construction of additional facilities.

"Expansion is not the answer," Collier said, "Because it will only compound the problem of residents in the area of O'Hare airport."

Collier also urged the continued revitalization of Midway in addition to the need for a third major airport southwest of Chicago.

The general area of Kankakee-Joliet has been considered for some time as a possible site for a third Chicago airport. Other sites discussed at various times have been an island in Lake Michigan, now discarded as a possibility, a site in the Gary-Hammond region of Lake County, Indiana and a site in extreme southeast Wisconsin.

No formal plans have been announced for any site.

## Will airport site likely

WILL COUNTY — Congressman Ed Derwinski (R-4) has again called for the establishment of a third Chicago area airport in Will County while emphasizing the undesirability of constructing an airport in Lake Michigan.

"In my opinion a site in Will County is the logical location for a third Chicago area airport. The views of professional pilots, the question of the environmental damage, the cost factor, and traffic patterns, all argue in favor of an airport site south of Cook County rather than in Lake Michigan," Derwinski stated.

Derwinski cited latest Federal Aviation Administration statistics which show that O'Hare handled 641,429 takeoffs and landings in 1971 and Midway handled 204,245.

"With O'Hare remaining the nation's busiest airport and with the volume at Midway starting to grow, it is obvious that we should be planning now for the third Chicagoland airport. From an environmental, safety, logistical, and

customer service standpoint, a location south of Cook County rather than in Lake Michigan would be apparent," the Congressman said.

Derwinski pointed out that, in the selection of an airport site, Federal approval would be necessary, and he applauded Governor Ogilvie who has expressed his determination to have the airport located at some point south of Cook County rather than in Lake Michigan.

## Scouts promoted

OAK FOREST — Three scouts were promoted to the rank of Tenderfoot in a recent Court of Honor held by Boy Scout Troop 327. Promoted were Paul Junod, Thomas Murphy and Donald Shipman.

Also installed into offices were: Peter Heuser, senior patrol leader; Thomas Murphy and Bill Mihalouits, patrol leaders; Paul Junod, assistant patrol leader and Detlef Heuser, troop scribe.

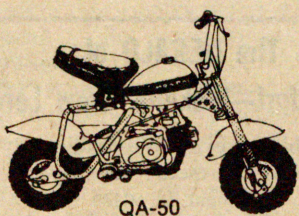

During the meeting parents participated in a knot tying relay and Scout games.

## Career exhibits

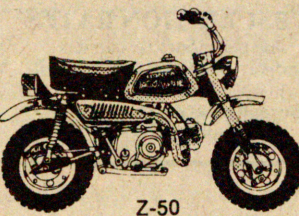

CHICAGO — The Cook County Career Education Exposition, an exhibit of technical projects demonstrating the many career opportunities available through vocational education programs, will include exhibits from five local high schools, through Thursday, May 25, at the Museum of Science and Industry 57th street and South Lake Shore Dr.

Exhibits from Bremen, Tinley Park, Hillcrest, Oak Forest, and Carl Sandburg High Schools may be seen during the museum's visiting hours, 9:30 a.m. to 5:30 p.m.

## On second thought

# Of cards, cads and cribbage

By Glenn Logan

Probably someone, someplace, has the statistics showing the number of people who play pinocle, bridge, poker or engage in other games of chance and skill. The census bureau keeps track of a lot of odd things and comes up with a lot of figures that may have meaning for some people.

For instance, it seems to me that I have seen some place the number of bathtubs in the United States. That didn't mean anything to me but it probably was of use to the manufacturers of bathtubs and the plumbing trade.

How many people play pinocle probably would have value to the manufacturers of playing cards but little or none to the average individual. The reason for my curiosity on the subject is to gauge my ignorance. Am I one in a million, or maybe 10 million that doesn't know how to play it?

I came from a family that enjoyed card playing as a means of relaxation. We played or played at practically all the games but one — pinocle.

There was always a card table up, with a couple of decks of cards and scoring pad at hand. After bridge became popular that was what we mostly played, except for games with my Grandfather Henderson.

My grandfather was "meat and potatoes" type when it came to cards. He liked to play seven up, pitch, hearts, buck euchre or cribbage. With those games one can argue as he plays, instead of after a hand is played in bridge, and my grandfather liked to argue as well as he liked to play cards. For that reason he did not play poker for in his early days arguments in poker games were sometimes fatal.

As a kid and growing up I knew how to play practically every game in which cards were used, including dealing faro. As a youngster, with other youngsters, I tried three card monte, you know with the ace, deuce and lovely trey which still

pops up in the news occasionally as a means to separate men from their money.

I never attained the dexterity that is a necessity if one pursues that form of larceny, even for parlor kicks. Odd though, quite odd that none of us ever played pinocle. As a matter of fact I think I was grown before I ever heard of it.

Since then, of course, I have encountered pinocle on many occasions, it being a very popular game in these parts. It is very popular with people of German extraction but whether it was invented there or elsewhere I don't know.

The French have a game a lot like pinocle. It is called bezique and is played with two, three or four decks of cards that have been shorn of all cards below the sevens.

I have watched a lot of pinocle games over the years but it never got through to me for some reason or other. I have watched two-handed pinocle games that I'm sure my grandfather would have enjoyed as a participant, so loud and long were the arguments. I have watched three-handed and the four-handed variety in which partners engage but never got the hang of it. For some reason it just never appealed to me.

I really shouldn't criticize the game, however, because I played it — no, lets get it right, let me say rather that I sat in a game one evening, and paid nothing for the tuition.

It was the three-handed variety in which four persons play but the dealer has no cards. He gets in on the scoring however. This particular game started one evening before the fourth man arrived.

The others grew restless and wanted action. Would I sit in until the other guy came. I protested I was ignorant and disinterested and skip it. But they prevailed upon me to sit in. I don't know

the rules and it may be they are all the same or that these were of their own making.

As I said before the dealer sat out. The man under the gun had to bid 300 and unless someone took him out it was his baby. There was a "widow" of three cards. The bidder, of course, could look at these cards if he chose. Maybe he decided not to play the hand. If he reached that decision before looking at the widow he lost fewer points than if he had looked and then thrown in. In tossing in the towel he lost a lot less points than if he played in and was set.

I sat in that game for about 20 minutes. When it was my turn for the mandatory bid someone took me out everytime but one and on that occasion I had a three in my hand, not having any idea as to what to do with it.

As a matter of fact I think there were only a couple of hands played and that was when I was dealing. It was quite fast. Someone would deal. The three players would look quickly at their hands and toss them in. But each time the scorekeeper was busy jotting down figures.

When the principal for whom I was subbing came in I gladly yielded my place at the table.

"How much do I owe?" I asked the score keeper.

"You don't owe anything," he replied, "but so-and-so owes you so much, and you've got so much coming from so-and-so and so-and-so."

As I recall it took in \$4.65, but I still don't know how I won it or why. That was some 20 years ago and I never handled pinocle cards since. No sense in pressing one's luck.

I can see where the bidding could become lethal and I remember hearing a fellow say onetime in the back room of a tobacco store where the lads played pinocle and rummy. "One hundred aces," he said, "has killed more pinocle players than bullets."

Dear Resident, Taxpayer, and Parent:

Last April 4, 1972, you voiced your wish at the polls on whether or not more classrooms should be built in your district for your children. Congratulations to you for voting, whether for or against the proposition. The majority of votes determined this proposition was not to be.

What may very well have been the largest voter turnout for a school board and tax referendum election in the history of the school district, turned out to be a rebellion against higher taxes. Also, it showed your ignominious true colors toward the real issue, which is better education for your children.

Some people might say the school board is to blame and that there is no harmony among them. One point to be brought out is the school board members are voted into their positions by the people living in the school district. If there is any problem with any board members at any time while he or she is on the school board, the people in the district should know about it. And the only way you can find out is by attending the school board meetings.

By attending the school board meetings, you as a voter, parent and taxpayer will find out what it's all about. Why wait until it's too late? I believe the school board deserves a round of applause and recognition for the work they've done, including all past school board members. Another point is the school board members are not paid a salary from the school district for being a school board member. Their time is donated by them.

They too have families and I'm sure their spouses would appreciate seeing them once in awhile as well as their children. If more people attended these board meetings, they would be made more aware of the problems first hand and not second hand or third. And it's possible the incident of full year schooling may very well have not come up at all the way it did. Also, when it comes down to your children's education, keep politics out of the picture. Politics is for politicians and education is for the children.

Recently a committee of residents was formed to assist the school board in whatever capacity it could. This committee of initially about twenty residents bent over backwards to help the school board get the news and information out to the residents. I believe the Citizens Committee should be commended for all their work, past and future.

As a resident of only a year in the district and involved in scouting and as the Citizens Committee Treasurer, I'm putting in my time toward your children and mine to try and better their

## the Fence Post Letters to the Editor

education. Why not you also, as a parent, put in some time and trh to work with one another and with the school board toward the only goal we as parents have for our children. That goal being a better life, a better education, and to be better Americans.

Attend the school board meetings . . . Join the Citizens Committee. . . Join scouting. . . or any group for that matter. Voice your opinions. . . Get involved. . . Be heard. . . Pass on to your neighbors and friends all that can be helpful.

And as a certain television commercial puts it: "Let's get together." Well, for goodness sake, Let's Get Together for the Children's sake.

Joseph Gist

Father, Resident and Taxpayer of School District No. 140.

Editor:

The Viet Namese conflict may or may not be a terrible mistake. The Korean Conflict may or may not have been the result of a poor decision. The Second World War, insofar as America's participation, may or may not have been a political maneuver. However, one thing is certain —

The men who fought and are fighting in these conflicts, are offering and giving their lives for what they believe are the principles of the United States of America.

The American Flag and the dead of all of our wars still stand for those ideals that have resulted in the freest nation on the face of the earth.

It seems reasonable, that, even in a small way, we take action to renew our commitment to the foundations of our country.

Citizens of our community have renovated the Memorial to Oak Forest Servicemen at the Rock Island Station. The Flag now flies there daily.

On May 29, at 11:00 a.m., there will be a brief ceremony of dedication of this Memorial. I sincerely hope that your organization and you personally will attend.

Whatever our opinions of past conflicts, we cannot allow those who have given their lives for the principles of freedom to go unremembered. I sincerely hope that you can spend a few minutes recognizing what we all owe those who have sacrificed "the rest of their lives."

BERNARD J. KELLY, Mayor  
City of Oak Forest

Editor:

Peace does not simply happen. It does not come merely because we wish for it. Peace must be built step by step, patiently and carefully, and sometimes peace must be fought for.

Many times, in struggles against tyranny, brave Americans have given their lives that other Americans might prosper in peace and freedom. America must be proud of these warriors, for each of them is truly a hero. On this Memorial Day, the bell tolls. It rings for all of us, those who live and those who hear it no more. It tolls because we are saddened at the loss of those who fought for the preservation of peace, freedom and dignity.

At Arlington, at Gettysburg, and at other cemeteries across our land, one sees the white marble monuments, the clipped green lawns and shrubs, the rainbows of flowers swaying gently in the breeze. Those at rest there gave so very much.

We set aside one special day to honor such men. Men who put their country above self, even above life.

Today, we remember through honoring these men, especially those who fell in battle on land, at sea, and in the air. The number of Americans who have paid for our freedom totals more than one million servicemen.

Not all heroes die in action, but the purpose of Memorial Day is to pay respect to the memory of those whose supreme sacrifice has enabled others to live and enjoy countless freedoms.

But on this Memorial Day, we must do more than just eulogize with warm words of praise. Our honored defenders will have died in vain if we confine our respect for their memory to placing wreaths of flowers on their graves. Moreover, they will have died in vain if each of us refuses to take up their commitment to the future. Memorial Day is a time for dedication to the future. It is a day to keep faith with those who died for freedom, by demonstrating our devotion to our country.

It is a moment to show our awareness that we did not build our nation ourselves, but that it was a dream of selfless men 196 years ago, and that the building process has continued ever since by many generations of Americans. They dedicated themselves to our future, and we, today, must commit ourselves to future generations if America is to survive, live and prosper in peace and freedom for the next 196 years.

## Sgt. O'Rourke

Movie star Forrest Tucker came to Tinley Park last week. He made a guest appearance at Karson's Shoe City. Youthful fans came out to see the former star of "F Troop." Tucker is currently appearing at the Drury Lane Theater in Evergreen Park.

FERD  
BRONZELL

MATTESON — Ferd Bronzell, upper-grade teacher in School District 159, Matteson, was recently awarded the George Washington Honor Medal by Freedoms Foundation, Valley Forge, Pa., for a letter to the editor which appeared in several newspapers during July 1971.

In his letter, Bronzell stated that "the best way for the United States to celebrate July Fourth this year (1971) would be for each citizen to meditate upon the significance of this day; and to think of how he can exercise his freedom to make a positive contribution to the growth and prosperity of the United States."

A veteran of World War II, Bronzell served as an Army medical soldier from 1943 to 1946. He received the Purple Heart for wounds suffered in the Battle of the Bulge and the Silver Star.

He is commander of the Wilbur J. Roeder Post 1229, American Legion, and past state commander of the Military Order of the Purple Heart. For 15 years he was editor of the Purple Heart magazine.

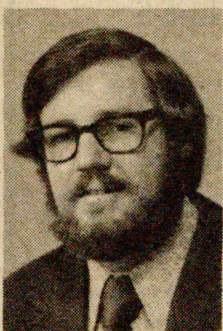

Bronzell has been a teacher for the past 17 years. He holds a master's degree in English from DePaul University.

For the past six years he has taught in District 159, where he was recently appointed acting principal of Sieden Prairie School.

DONALD  
E.  
KING

WILLIAM  
R.  
DIXON

TINLEY PARK — Donald E. King and William R. Dixon recently joined the sales staff at Sender Realty Corp., 16555 S. Oak Park Ave.

King is a graduate of the University of Illinois, Urbana, and attended Southern Illinois University, Carbondale. He has lived in Tinley Park for eight years and was the mental health educator at the Tinley Park Mental Health Center for two years.

King and his wife Valera, reside at 17931 S. Sayre Ave., and have a son, Greg. Mrs. King presently teaches first grade at Sandridge School, Tinley Park.

Dixon attended Denver University and graduated from Southern Illinois University where he earned a bachelor of science degree with a major in marketing.

For the past four years Dixon served in the U.S. Navy aboard a destroyer attached to the Seventh Fleet. He has only recently been released from active duty.

Dixon has been a long time resident of Lincoln Estates.

## News Briefs

TINLEY — Local police apprehended a youth and his juvenile companion shortly after the two had taken a case of beer from Tehan's Lounge.

According to police Terry Smith, 17, of 6327 W. 177th St., and a 16-year-old juvenile took a case of beer from the lounge and drove off. SERGEANT Dean Utter and officer Alan Bechtel apprehended the car on 177th Street between Ridgeland and Highland Avenues.

Smith was charged with theft, driving with only one tail light, and a curfew violation.

TINLEY PARK — The PTA of school district 146 voted to split into separate PTAs for each school in the district last week. The schools in the district had previously been served by one PTA.

The group decided to form separate PTAs because it was felt that schools would receive more attention on an individual basis from their own organization than was possible under the single PTA.

ORLAND PARK — Incoming freshmen may register for the 1972 Consolidated District 230 summer sessions which will begin on Wednesday, June 14, and end on Friday, July 28. All summer school classes will be held at Stagg High School, 111th and Roberts Road, Palos Hills.

Courses available to next year's freshmen will be Art I, Basic Business, Business Communication, Pre - Algebra I, World History, World Geography, Occupational Orientation, Individualized Reading Techniques, Typing I, and Physical Science.

Students who will attend Carl Sandburg High School in the fall should register for summer classes at Sandburg High School, 133rd and LaGrange Road, and those who will attend Stagg High School should register at 111th and Roberts Road, Palos Hills. Registration may also be made by mail.

Bus service will be available for some classes, and classes will run from 7:45 a.m. to 9:45, and 9:50 to 11:50 a.m. Registrations and payment of fees must accompany enrollment forms. Registrations and payments must be mailed or brought to Stagg High School bookstore or to Sandburg's office. No refunds will be made after the first class session. Bus transportation will be available on a fee basis. The final time and stop schedule will be determined by actual registration. The cost per student will be \$17.50 for the total summer transportation both ways, or \$8.75 for one way. Bus service will not be available to bring students or take them home at 10 a.m.

For further information or brochures call Stagg High School, 974-3300, or Sandburg, 361-4600.

TINLEY PARK — An Ottawa, Illinois man and his wife were injured in an auto accident Saturday, May 6, at 183rd Street and Oak Park Avenue. Robert Brander, 44, suffered a broken leg, and his wife, Charlotte, suffered bruises and cuts, and a possible concussion.

Brander told police he was east bound on 183rd Street and the other car was south bound on Oak Park Avenue. Brander stopped for a stop sign at the intersection and then continued east bound on 183rd Street.

The other car applied its brakes but skidded into the Brander car, turning it completely around. When police arrived on the scene and began to assist the injured couples, the other car was found abandoned at the scene. Police were investigating the ownership of the second car, which had apparently been used by a number of persons recently.

The couple was taken to South Suburban Hospital for treatment of their injuries.

State Representative Anthony Scariano makes a point as he kicked off his campaign for state senator Saturday night in Chicago Heights. Over 1,000 persons turned out to hear guest speaker Ralph Nader, at a campaign dinner at which Studs Terkel was MC.

## Nadar slams corporate crime

Ralph Nader, the country's No. 1 consumer advocate, addressed a crowd of more than 1,100 Saturday night at the campaign kick-off dinner for Anthony Scariano, candidate for the office of State Senator from the newly created 9th District.

Scariano, a Democrat is slated to run against Don A. Moore, a Republican, now serving as State Representative from Midlothian.

Studs Terkel, well known radio personality and author of the best seller, "Hard Times," introduced Nader with the words, "The biggest problem today with people is that they have a lack of a sense of personal worth, but the very unique thing about Ralph Nader is that something can be done."

As platters of spaghetti, meatballs and chicken livers were passed family-style, to the crowd which was seated in the main hall of the Chicago Heights Veterans of Foreign Wars hall Nader stepped to the microphone.

He began with, "I'd like to speak briefly this evening about the confrontation between citizenship and corporate activities as they relate to the nation, the region and local communities."

Following his introductory remarks, Nader rattled-off a long list of problem areas, pollution, double-dealing politicians, free-wheeling paid political lobbyists and a host of other evils. But said Nader, the biggest problem is not crime in the streets, "the greatest form of crime in this country is the crime in the suites — the executive suites of corporations."

Nader went on to explain a little-known pact between oil producers and the government called the oil import quota.

Graphically illustrating the mechanics of the oil import quota, Nader said, "every time you go down to your local gas station, you are paying a nickel extra for gasoline per gallon because of the oil import quota."

In short, the quota is a system reportedly devised by the giant oil companies to boost the price of oil products because the cost of domestic oil has been kept at a minimum.

Nader alleges that the Department of the Interior bowed to the demands of the oil interests and effectively worked to have the president agree to the quota.

Lending a characteristic Nader twist to the end of the story, the consumer advocate explained that once the discrepancy had been brought to the attention of President Richard Nixon by his own personally appointed task force, the task force was fired and its recommendations went unheeded.

Other problems outlined by Nader included alleged property tax inequities and price-fixing, by large corporations.

Nader cited the scandal of several years ago in which numerous companies were charged with price-fixing and when the case went to court, the executives responsible for monopolizing the marketplace were sentenced to six months in prison. "It's the same old story," claimed Nader, "the bigger you steal, the lesser the punishment."

The power wielded by the industrial giants of this country becomes visible in terms of economics when corporation budgets can be compared to the budgets of nations. "Last year," said Nader, "GM took in more money than all but four countries of the world — the United States, the Soviet Union, Japan and Great Britain."

What the country needs now, claimed Nader, is a re-commitment to go beyond the principles of the founding fathers of the U.S. and the kind of citizenship which would actively prohibit the misuse of the government and public

funds. "We're too complex a society," said Nader, "we have too many events controlling too many people beyond their control and we have too many possibilities for the future to allow a definition of citizenship to even be what it was a couple of hundred years ago — the village green and the town meeting. It's got to be more than that. It has to be more than voting ... It's got to be more than electing good people. It's got to be day after day after day, starting with the educational system of this country and the young people, inculcating, starting with kindergarten, the kind of patriotism that is not displayed overseas

in military ventures, but right here at home."

## Another delay in Fernway case

FERNWAY — The hearing on the petition of the residents of Fernway to annex to Orland Park has been continued to June 7. Ronald Glink, attorney for the Village of Westhaven asked Judge Harry Comerford for the continuance on Monday, May 22, in order to ready memoranda of law.

In a related move in this annexation dance attorneys for the Village of Orland Park on May 17 moved to dismiss its petition to annex Fernway. This motion was made because the attorney for the Fernway residents, Leonard Carriere, had requested it.

One of the objections raised by

Westhaven to the Fernway annexation petition is that a prior petition (Orland's) is pending and thus should be considered first. Apparently Carriere wished to null this objection by removing Orland's annexation petition.

By so doing Orland is now relying completely on the outcome of the Fernway residents' petition.

This pas de deux of petitions and dismissals is a result of Fernway filing for annexation last fall followed shortly by a petition of Orland Park to annex Fernway. The Judge took up the first petition filed, and continued the Orland petition indefinitely. When the Fernway residents' petition was dismissed in early spring the Orland petition would be presumed next to be heard. It is around this point that Westhaven bases one of its objections.

Orland Park cleared the way somewhat by removing its petition from the docket.

## New newspaper coming

ORLAND PARK — This community, and also Tinley Park and Oak Forest will have another weekly newspaper as of June 29.

The Orland Park Chamber of Commerce board of directors were informed of the new publication by Rick Friedman, editorial consultant of the William Press, Chicago Heights. Friedman appeared before the May meeting of the chamber board Wednesday of last week.

Bill Williams, Jr., general manager, and William Reed, advertising director of William Press, also attended the noon meeting.

Friedman informed the Orland chamber that the Orland Park Star-Tribune, Tinley Park Star-Tribune and Oak Forest Star-Tribune would be weekly publications, delivered each Thursday morning. The papers will have a single office in Tinley Park.

The chamber officials discussed current and future projects of the chamber, including Orland Days, scheduled for June 1-4.

Chamber President Richard Lentfer reported that production on the community promotional brochure was being held up until a suitable map was prepared.

Jerry Piper of the Retail Services Committee said that the business directory, which is being prepared by

that committee, would be completed in the next 60 days. This will be a listing of all businesses, services, professional services and organizations and churches in the Orland Park community.

The meeting was concluded with the presentation of a colored film, "A Place to be Human", produced by the Cooperative Extension Service, University of Illinois.

# HOW TO COMPLAIN ABOUT YOUR PHONE SERVICE.

## CALL ME.

You may think it's silly of me to invite your complaints, but that's what I'm here for.

I'm a Service Representative for Illinois Bell. And taking care of your phone problems is part of my job.

To speed things up, I keep a complete file of your phone service records within easy reach of my desk. But there's still no way for me to know you're having a problem, unless you call.

Just in case yours is a really tough problem, there are a lot of good people behind me to help out.

Like my supervisor and the business office manager who've had years of experience in helping customers with unusual service problems.

And, of course, all the people who install and repair phones.

We're all pitching in to help. The way we figure it, the telephone company is only as good as the service we give you. And that includes taking care of complaints.

If you ever have a complaint about your telephone bill, an installation problem, or a service question . . . call me, your Service Representative. For repairs, call our Repair Service.

You'll find my number listed on your phone bill or in the front of your telephone directory.

For Repair Service, dial 611 in Chicago and most suburbs.

Elsewhere, look in the front of your directory.

We want to help.

Illinois Bell

**WE'RE A LOT MORE THAN JUST TALK.**

## Business Life

TINLEY PARK — David A. Liedtke, FIC, 17023 S. Oak Park Ave., district representative for Aid Association for Lutherans, was one of 182 members of the AAL field force whose sales and service efforts in 1971 qualified him for the President's Club.

## Students first

# Education rates at St. George

TINLEY PARK — The principal and faculty have been very active in all phases of education at St. George School, Tinley Park. The students are our number one concern at St. George. We have a principal and faculty that apply their Christian principles to the everyday activities of the school. Students at the school are encouraged to openly express their ideas, assume leadership roles, and participate in as many learning experiences as possible.

Besides the conventional classroom education teachers plan field trips that can greatly enhance some concept that they might be trying to get across in a classroom lecture. Each grade goes on at least two field trips a year. In some cases there might be an opportunity to arrange more according to what is being stressed in the curriculum.

Each classroom puts on an assembly for the entire school and their parents. We were extremely proud this year of one of our assemblies. It was an original hour and a half play about the life of Abraham Lincoln. The seventh grade did such a marvelous job that the pastor decided to sponsor a trip to Springfield and New Salem for the students. The school had a great deal of publicity about the play in the local papers and in the Catalyst. It is a feeling amongst the teachers that assemblies give students an opportunity to present themselves in front of an audience; this, in turn, helps the students develop poise and self-confidence. All students participate in the assemblies, so it becomes a learning experience for everyone — not just the very bright children.

Students with reading problems are given special help after school in tutoring classes which the faculty participate in on their own time. Many teachers hold tutoring classes in the morning in the various subject areas. These classes help the slow students gain a better understanding of the subject areas that might be causing them some difficulties. St. George School also sponsors a summer school program in two subject areas: math and reading.

Teachers at St. George are very concerned about the students getting the best possible education that can be offered. Our principal and faculty attend many workshops and meetings so as to keep up with all current trends in the various curriculums. Many faculty members are involved in taking theology courses.

One of the policies of the school is to make religion classes come alive. Teachers who are to teach the faith must be well aware of what they are teaching, thus, the theology courses and religious education courses give teachers a sense of confidence and awareness when it comes to teaching the Catholic faith.

We at St. George always keep in mind that these young students are the future of the Catholic Church in the years to come. The students must be well prepared in every aspect of their faith. In the various subject areas we have done some of the following things. A science lab is the newest addition to our school. Students in the lab work on experiments and problems in the various physical sciences. At present our seventh grade is working on biology and

anatomy. They are in the process of dissecting crayfish. Eventually classroom activities will lead to exploring a complete skeleton of a cow, and finally they will explore the various systems of the human body.

The science lab has been a continuous center of student activity this year. Students can be seen working during lunch time on various experiments that they themselves have outlined and presented to their teacher. Also, the benefits of having a science lab can be seen at our annual Science and Art Fair. The students have done remarkable work on projects that have astonished judges from other schools.

In the social science program concepts are stressed rather than useless memorization of facts. The concept of "power" is presented in political science, the concept of "scarcity" is focal to economics, the concept of "need" and "grouping" to sociology, "region" to geography, and "periodization" and "greed" to history. Social science is part of the curriculum in all the grades. Many teachers have had extremely unique projects in the various classes in regards to the social sciences.

Many of the projects have been given publicity in the local papers. Even the Mayor of Tinley Park got involved in the eighth grade curriculum. Many guest speakers have presented valuable amounts of information to the students.

Curriculum is constantly being updated at St. George. Teachers are continuously evaluating new textbooks and new programs. They wish to have classrooms that are always filled with enthusiasm for learning.

St. George School has started

programs that have created new interests among the parents of the children. In addition to two Parent-Teacher Conferences, a Science and Art Fair, and an Open House at Christmas we have sponsored three evening programs for the parents. Our first programs was to report to the parents why out school chose a new form of evaluation for student progress and achievement. Parents were informed on the various ways and methods by which their children would be evaluated during the school year. We had a very good parent attendance at this meeting. Our second meeting dealt with the new science program at the school. Parents were introduced to the lab and to the various teaching techniques in the field of science. Attendance at the meeting was very good also. Our final meeting this year was held April 25, 1972. This meeting will give the highlights of a very successful year in the social science classes. The program will present to the parents a community survey that the eighth grade did, a movie that was filmed in the school while social science classes were in action, and various other related activities that went on in the social science classes during the school year.

Finally, it must be mentioned that the principal and faculty get 100 percent cooperation from the pastor and the priests in the parish, the parents, and the parish board. Our school is something that the entire community of Tinley Park can be very proud of. Every teacher is a credit to his or her profession. The principal is a person that dedicates here everyday life to the school and the Catholic Faith. We are all very proud to be part of St. George.

## Budget ready

ORLAND TOWNSHIP — A tentative budget and appropriation ordinance for the Town Fund and General Assistance Fund for Orland Township is now available for public inspection at the Township office 9917 W. 143rd St., Orland Park.

The budget and a pppropriation is for the fiscal year beginning March 29, 1972 through March 27, 1973.

A hearing on the budget and appropriation will be held at 7:30 p.m. Tuesday, June 20, at the Township office. Final action by the Township Board of Auditors will take place at 7:45 p.m. on that date.

## Township has no tags

BREMEN TOWNSHIP — Due to the number of calls regarding the purchase of Cook County vehicle stickers, Arthur Miller, township supervisor, and the township board of auditors have announced that the Bremen Township offices do not handle distribution of the

sticker nor does the township derive any income from the sale of the stickers.

Township officials said this additional tax put on the people of Bremen Township in the unincorporated areas has been due to Cook County's exercising Home Rule provision.

## Scout second in derby

ORLAND PARK — Mark Klienpaste of Cub Scout Pack 368, won second place in the Calumet Council pinewood derby race held April 22 at Crown Point, Ind. at the Scout-A-Rama.

After being named grand champion winner in Pack 368, he went on to take

first place in the District 13 race.

Mark then captured second place in the run-off among all the districts in the Calumet Council where he was awarded a trophy.

He will be presented another trophy in the Council's Roundup.

# Village fills trustee post

WESTHAVEN — William Presler, 16710 S. 90th Ave., has been appointed village board trustee replacing John Miller, who stated in his resignation that business commitments have prevented him from continuing his duties.

Miller's resignation was read at the Saturday, May 20, board meeting by clerk pro-tem Meredith Macki. Clerk Short had to work and could not attend the meeting.

In his resume Presler stated that he has been a resident of Westhaven for three years. He has served in the United States Air Force, being honorably discharged with the rank of Sergeant.

Presler graduated from Carl Sandburg High School, and has attended the Universities of Illinois, Maryland and Omaha. He is currently employed with a subsidiary of Victor Comptometer Co., where his duties include designing and implementing graphic communication systems for industrial, governmental and institutional businesses.

In another long stormy meeting, President Curtis Whitaker placed the name of former trustee Eugene O'Brien before the board for consideration, to fill the Miller vacancy. Whitaker stated that O'Brien has five years experience as village trustee, and could put on the harness and go to work.

When Clerk pro-tem Macki placed Presler's name before the board Whitaker asked Mrs. Macki if she considered Presler more qualified than O'Brien, when O'Brien has five years experience. Mrs. Macki answered, "not more qualified." Whitaker stated this is a personality affair.

Voting "yes" on the Presler appointment were Trustees Ralph Aldrich, Donald Kellogg, Diane Bartholmey and Meredith Macki. President Whitaker voted no, saying never in a life time.

Presler will serve until the next Village election in April of 1973.

The village president again asked that the five vacancies on the planning and zoning board be filled. The names submitted by the president were, Robert Hach, Elen Davis, Robert Wampler, Peter Box, Calvin Chandler and James George.

There is some question as to the length of time these appointments could run. The seven man board now holds no hearings do to a lack of quorum. Village Attorney Ronald Glink recommended that Whitaker give him a list of the former members on the board so he can give the village board his opinion on the length of time that the appointments will run. Trustee Kellogg told Whitaker there are a couple of people the board would like to see on the zoning board too. The trustees then moved to table the five

names that Whitaker presented to them.

A list of third party calls billed to the village hall phone was brought to the attention of the board by a resident Kenneth McCracken. He demanded to know why certain numbers were called, primarily calls by Clerk Short which in McCracken's opinion did not constitute village business. Clerk Short was not present to answer the charges.

McCracken also informed the board that he has spoken to George Romney head of HUD regarding the absence of records from former building inspector Don McRenolds. McCracken stated he has asked Romney to investigate the situation.

Each trustee then was asked by McCracken to sign a statement that they have never seen any building records. Attorney Glink told McCracken, "You are not a prosecutor. I don't like this being done at a meeting." The trustees told McCracken they would not sign a statement.

Tekton Home Builder asked that a variation be granted on the driveways of one of the model homes. Building Inspector Dennis Ward said that the blueprints show the driveways all the way back and now Tekton wants to put the driveways just up to the houses. Ward recommended that the board request that Tekton place the driveways as they are shown on the blueprints. All trustees voted yes on Ward's request.

A dispute arose when the bill for services rendered by Attorney Glink was brought out of table by Trustee Macki. President Whitaker recommended that the attorney's bill remain tabled. Glink told Whitaker he disagreed, "I gave you a copy of the bill a month ago and I think it should be paid."

Whitaker stated, "We must study it (the bill) together. You (the board) might as well come around and respect the president's chair."

The board then moved to pay the attorney's bill totaling \$5,014.75. All trustees voted yes on the motion. President Whitaker voted no, saying, "I'm not surprised. You pay this bill like you pay the other bills." Whitaker then stated he would not sign the warrant for the attorney's bill at this meeting. "I will sign the warrant at the next meeting," Whitaker said.

Clerk pro-tem Macki made a motion to purchase an adding machine for \$84.50, an electric typewriter for \$260.00 and filing cabinets for \$118.75. All the equipment to be used by the building department.

Previously Inspector Ward requested \$1,200 for supplies for his department. A legal typewriter costing \$399.00 to be

purchased from Quality Stationery stores also was requested to be purchased by Trustee Macki. Whitaker asked Ward, "Is this your desire, or is this being jammed down your throat?"

Ward told Mrs. Macki, "I gave you the list of what I would spend. I may not want to order from Quality."

The motion was then made to only purchase the legal typewriter for the clerk's office. Trustee Aldrich told Ward, "You're asking for \$1200 without any itemizing?" Whitaker said he has been directed what to do.

A representative of Murphy Insurance Co. of Orland Park addressed the board concerning the village insurance policy, stating that parts of the present policy have lapsed. Murphy presented a proposal to the board for broader coverage than the village now has for approximately \$200.00 more in premium fees.

Murphy stated he obtained two proposals from two different companies and that he is submitting the best and the lowest priced policy.

President Whitaker suggested a complete study be made for the next meeting. Attorney Glink stated that if the insurance is lapsing a binder should be taken now pending consideration until the next meeting. Whitaker told the board he wanted to put the binder on the present insurance policy.

Trustee Kellogg asked Murphy to explain the different coverage that the village does have now and will have with the new policy.

Murphy explained that several things were not covered, most important false arrest for the police department. Whitaker asked why the new policy was not brought forth to the village president.

Trustee Ralph Aldrich then made a motion that the board accept the Murphy bid of \$1200 for village insurance. All trustees voted yes. Whitaker told Aldrich this is a binder not the policy. Aldrich told him, "No. We will accept this here and now."

A bond of \$5,000.00 for the building inspector also was passed by the board. A warrant totaling \$725.44 was approved for payment by the board. The breakdown on the warrant is as follows, Orland Fire Protection \$161.07, Attorney Glink retainer \$250.00, Bell Telephone \$21.25, Commonwealth Edison \$91.12, Deputy Clerk Mrs. Sea \$20.00, Clerk Short \$35.00, Trustees Bartholmey Macki, Kellogg and Aldrich each \$30.00.

Attorney Glink reported that Citizens Utilities Co., is now ready to construct the deep water well in the village and is requesting the necessary permits. Glink also stated that Inspector Ward has requested his opinion on the stop work orders that he has placed on Tekton buildings. Glink told Ward, "Once you have placed the stop orders, you can lift or modify them and the contractors have the right to make the necessary corrections. If the contractors refuse then it goes to the president and board of trustees. Glink told Ward, "If they (the contractors) wish to correct the situation they should be allowed to."

Minutes of the April 15 meeting were tabled. Some discrepancies were found in several paragraphs of the minutes. Clerk Short was not available for comment on them.

Attorney Glink told the board that they should be tabled, he also commented that if something is inserted that did not take place at the meeting it should not be in the minutes.

# Obituaries

## HARRY WATTS

Funeral services for Harry Watts, 84, 224 Oak St., New Lenox, were held Monday, May 22, from Haley Funeral Home. Interment was in Woodlawn Memorial Park Cemetery.

Mr. Watts a resident of the Joliet area most of his life, died Friday, May 19 at Saint Joseph Hospital. He was employed by the Gerlach-Barklow Co. until his retirement 20 years ago.

Surviving is his wife, Marie nee Schulz; two daughters, Mrs. Michael (Dorothy) Prestas, Joliet and Mrs. James P. (Audrey) Sullivan, Chicago; one son, Robert, New Lenox; eight grandchildren and six great-grandchildren.

He was preceded in death by his first wife, Catherine Mulvihill Watts; his parents; a son; a granddaughter; a

grandson; four brothers and a sister. Funeral arrangements in charge of George T. Tapella.

## ANDREW M. LUDWIG

Funeral services for Andrew M. Ludwig, 78, of 14336 Raney Lane, Orland Park, were held Monday, May 22, from the Schmaedeke Funeral Home, Orland Park, to St. Michael's Church for mass. Interment was in St. Michael Cemetery.

Mr. Ludwig died Friday, May 19, at Palos Community Hospital. A resident of Orland Park for many years, he was born Nov. 10, 1893.

He is survived by his wife, Ruth nee Homerding; two daughters, Helen Morgenthaler, Orland Park, and Kathryn Schrock, Lockport; a son, John E.; three sisters, Abby Timm, Margaret Ludwig, and Marion Gerharz; and a brother, John.

## A THOUGHT TO REMEMBER BY JIM HIRSCH

We decorate the graves of loved ones on Memorial Day. The ceremonies attract some spectators, but for the most part, we participate by choice as we honor our dead with respect and devotion.

It is an especially sorrowful day for the saddened families who suffered loss of loved ones in the armed services. Regardless of age, all those who died in conflict, died too young and too early. They died with eternity in their minds and a deep and undying hope that the rest of us might live in a better world of customs and morality. Periodically, we ask ourselves whether their hopes and deaths were in vain. The answer is an emphatic yes, unless we — AND — those with opposing beliefs and systems, some day realize there can be no peace as long as men have war in their hearts.

In our prayers for peace, we should contrast in our minds the meaning of His Kingdom to the haunting words of Tennyson: "Our little systems have their day; They have their day and cease to be." Worldly systems and customs that cause war can be changed only when people dedicate themselves to God's Kingdom; a Kingdom of Peace that knows no war.

# VERY ORIGINAL.

We call it The 14th Colony. You'll probably call it revolutionary.

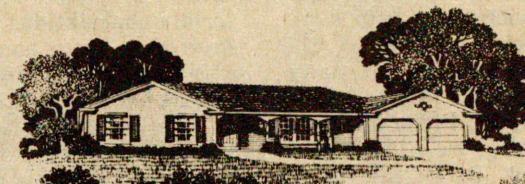

It's located in the scenic Fox River Valley countryside about a half mile east of Batavia. The 14th Colony is a settlement for families who value such old-fashioned virtues as good taste and community pride. It has been carefully planned with vital protections written into every deed, in the same manner Arthur T. McIntosh & Company has established the enviable communities of Inverness, Prestwick and Farmington. And it's very original. Each piece of land is irregular about one-third of an acre. The homes are inspired by Early Americana and reflect tasteful architecture and craftsmanship rarely found in the homes of today. The detailing is exquisite and warm touches of elegance abound in

quarry tile foyers, beamed ceilings, curving staircases,

oak floors, huge raised hearth fireplaces and wood panelling. All are built with honest quality. And while we believe in independence, every homesite has water, sewer and underground utilities. You can homestead at the 14th Colony from \$38,750 to \$55,000 including the fully improved homesite. Our boundaries are open every day—10 am till dark.

**Buy your homesite now under contract.** If you are planning to build in the future, or wish to invest in land, you can purchase your 14th Colony homesite direct from Arthur T. McIntosh & Co.—20% down, 7% simple interest.\* Homesites range from \$9,000 to \$12,800.

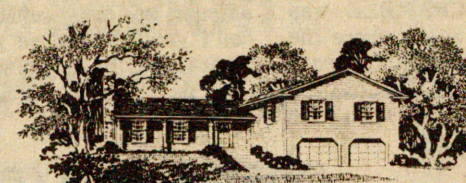

\*Example—\$10,000 purchase, \$2000 down, 84 monthly payments of \$120.75, 7% annual percentage rate.

WILLIAMSBURG—\$29,750

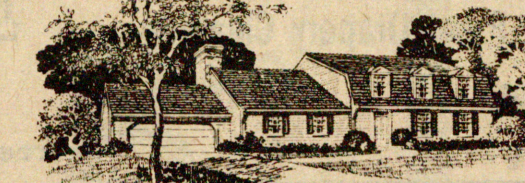

VIRGINIA GARRISON—\$37,250

MARYLAND COLONIAL—\$36,200

MASSACHUSETTS CAPE COD—\$42,300

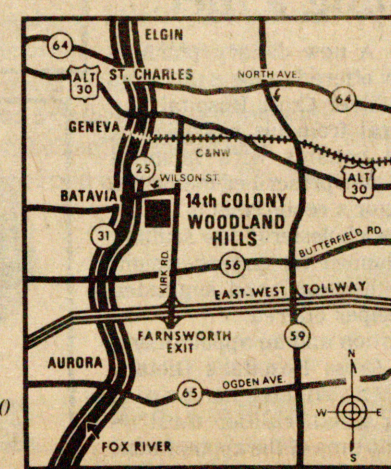

CONNECTICUT DUTCH EXPANDABLE—\$35,700

Model prices above do not include homesite.

## 'Start to pull strings'

WESTHAVEN — The village election in Westhaven which will take place April 1973, was the main topic at the May Homeowner's Association meeting held May 17th at the Orland Center School.

Trustee Donald Kellogg spoke to the group urging them to organize a political party. "You must start to pull the strings now," stated Kellogg. Your board will be behind you 100 per cent.

The trustee also commented on the Observer, the underground newspaper that has appeared in the village in the last few months. Kellogg claimed there are malicious things being said, in the Observer.

Kellogg also commented on the suspended village policeman Mike Grayczyk, "Mike is a good cop, he's good with the village kids. He has been recognized for his heroism in the Melrose Fireworks explosion by the Cook County Board. Charges have been made against him by Mrs. Woodruff, the policeman cannot continue on duty until he is either cleared or fired. He is now under suspension, and the village board will have the final say on that decision," Kellogg said.

Ray Westberg president of the Homeowner's Association stated that Kellogg asked to address the meeting, and that his presence (Kellogg's) did not mean the association is political. Westberg said he personally endorsed Kellogg, and added, "if we don't organize and don't run a party, we will have a gestapo in Westhaven. The Homeowner's president stated that the association has a lot of plans, "but we will never be able to do all the things we plan if the next election doesn't go right."

A constitution and by-laws of the association was passed at the May meeting. Twelve by-laws dealing with every phase of operation of the Homeowner's association is included. The by-laws committee distributed

copies of the constitution and by-laws to association members at the April meeting.

In other business \$133.00 was transferred from the picnic fund and deposited in the chatter fund.

The sum of \$50.00 was approved to be spent on ditto supplies for the printing of the Chatter, (the village newspaper published by the association.)

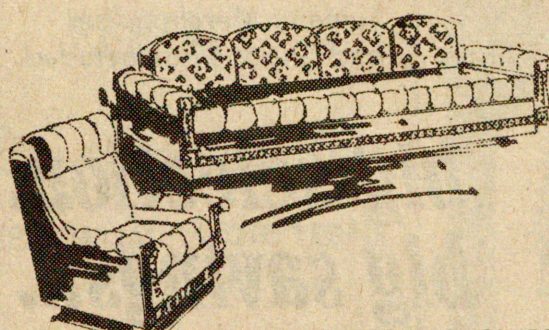

A square dance for association members is planned for May 27th, tickets are \$10 per couple, interested persons are asked to call Ray Westberg, 349-2091.

The social committee of the association is planning many event's, a men's smoker will be held June 23, and a dinner dance is being planned for the near future.

# Schools are kids and things

BY JEAN WILLE

**OAK FOREST** — The world has not forgotten Our Lady of Sorrows kindergarten, although it is so very quiet and peaceful after school hours that it is virtually impossible to visualize small children in attendance.

The Benedictine Convent and kindergarten is housed in a spacious brick building off 147th St., between Central Ave. and Harlem Ave. There is a place for everything and everything and everything is in its place, and somehow or other one gets the distinct feeling that "everything" had better be where it belongs or someone will answer.

Each room in the kindergarten section is immaculate and completely furnished with some of the gayest and loveliest articles placed exactly where they were yesterday.

Sister Mary Albina is in charge of the kindergarten. She is a very soft speaking, petite nun who is completely involved with her children.

Sister Mary Albina is quite concerned over the attendance drop in the school since public kindergartens are now available. When the school began about six years ago — they operated from St. Damian's for the first year — there were half day sessions with about 72 students in all. The highest attendance was 100 with 50 children at each session.

The 1972 graduating class will have 24 students.

Sister is very anxious to have full capacity once more. After talking with her for only a few minutes, there can be no doubt as to her complete dedication and interest in the children. As with many other nuns she has retained a child-like quality that appears completely untouched by hurry, worry or fury. She is the epitome of sisterhood and it quickly occurred to me that her complete involvement with her Order and her children is possible only because of her removal from the outside world. She undoubtedly has great compassion

for those with fewer gifts both spiritual and monetary. She knows that the poor exist and in her way assists them with prayers and "free uniforms" whenever possible. I liked Sister Mary Albina.

She is quite excited over the forth coming graduation program. Quite excitedly she told me about the little skirts and the rhythm band. We had to go into another room to view a large drum that "one of the little boys plays, and, you should hear him sing when he hits all these different things," she told me as she pointed to the smaller drum heads and cymbal.

The kindergarten room has one large circular table that seats 16 children. Each little chair and book has been meticulously placed awaiting another school day.

There are eight smaller tables, each with four chairs. In the middle, the exact middle, of each table is a small flower vase. Along the wall is an open cabinet with several shelves filled with small china figurines.

I asked Sister if she leaves the figurines out when the children are in school and she said, "oh, yes, but, we don't go over there." (herein lies a lesson for all mothers with small hands exploring treasures items — if you don't go near them, they won't be broken). How simple and trusting faith is and how workable as evidenced by the unbroken figurines.

From the way Sister talked about the school, I could surmise that her main objects are teaching the children "respect for their parents and love for each other."

The classroom religious training is "general" and limited to some prayers and discussions of God during each day's science lesson. The classroom material (reading, arithmetic and science) is chosen by the Sister in charge of the kindergarten at St. Catherine's, Oak Lawn.

Sister Mary Albina studied at De Paul University, and has been teaching kindergarten for 20 years. The tuition at Our Lady of Sorrows is \$15 per month and \$1 a month for milk to go with the cookies at snacktime. Bringing the children to and from school is handled by a mother's car pool. Mothers are allowed to bring the children into the room in the morning and can stay except, "except for the first two weeks of school when the children could cry a lot."

There are 14 nuns living at the Mother House. With the exception of those who work in the office and those who do the housework and cooking, they are mainly teachers at St. Michael's, Chicago, and St. Catherine's. However, the daily mopping in the kindergarten rooms and children's washrooms is handled by Sister Mary Albina.

The Sisters branched off from a larger group of 150 nuns. The Benedictine Sisters are like a family and try to keep in small numbers. They bought the old Donahue Estate home that was recently demolished. It was rather a landmark in the township with its regal all-white appearance as it stood majestically amidst tall trees on the south side of 147th St. The property was purchased with money from all the Slovak parishes in Chicago. The Sisters now have an income from a yearly fair held on the grounds, a dinner at the Martique Restaurant and tuition from the three schools.

Father Marian Soba lives a short distance from the convent. He attends to the sisters' spiritual wants and says mass.

When children graduate from Sister Mary Albina's class they are expected to qualify for first grade. If Sister doesn't feel they are ready, she discusses it with the parents to see if they would like to have their child repeat the year with her, or attend another kindergarten.

"I held one little boy back a few years ago and he turned out to be a real leader the next year," Sister said. "He was just a little too young the first year."

As I left the convent, I walked partially around the building. I noticed that there were not any large trees shading any of the outside walls and yet, while I had been in the building for some odd reason I had definitely felt the security and calmness usually associated with springtime forests inhabited by God's free beings.

hand-made and hand-decorated dresses and Mrs. Robert Seidel, for her woodland painting. The painting will be entered in the state judging.

Charles Darwin, representative from the Social Security office, Harvey, was guest speaker at the last meeting at Mrs. James L. Vonesh's home. Darwin enlightened the members regarding their social security status. The meeting was attended by 19 members and one guest.

## Universal candle before promises

The Tinley Park Zion Lutheran Church was decorated with baskets of daisies and Fuji mums as Janice Marie Punis, daughter of Mr. and Mrs. John G. Punis, 17222 S. 69th Ave., Tinley Park, became the wife of Brian VanderBergh, son of Mr. and Mrs. Richard VanderBergh, 6554 W. Parkside, also of Tinley Park, April 14.

The candle light service was performed by the Rev. Paul Lechner and the Rev. Thomas Kavney.

Before the couple exchanged wedding vows each lit a Universal Candle, which represents the "unity of one."

Pat Gibula and Chris LaKome sang "If We Only Had Love," "One Hand One Heart," and "Sabbath Pray."

The bride, escorted to the altar by her father, wore a gown of organza and chantilly lace trimmed with seed pearls. She carried a bouquet of white daisies centered with apricot roses.

Marilyn Wisniewski served as the bride's maid of honor. Bridesmaids were Barbara Ferrell, Melanie Stowick, Kathy Wigginton and Karen Samuel. They wore gowns of white lace and apricot chiffon and carried baskets of yellow daisies, apricot carnations and babies breath.

Terry Hakala was the groom's best man. Attendants were Thomas Casey, Steve Punis, Glenn Giles and Stanley Kruzinski.

The bride's mother wore a mint green dress with white embroidered flowers and the groom's mother chose a dress of lilac water-print chiffon with a matching long vest.

Following a reception at the Rosewood Inn the couple took a honeymoon trip to the Playboy Club in Lake Geneva. They are now making their home at 6718 W. 174th Pl., Tinley Park.

The new Mrs. VanderBergh was formerly employed at the LaSalle National Bank, Chicago, and the groom is a teacher at Carl Sandburg High School, Orland Park.

## Fitting problems to be topic

**TINLEY PARK** — Answers to questions pertaining to the proper fitting of women's apparel will be given at the Bremen Unit of Cook County Homemakers Extension Association meeting, May 25, 7:30 p.m. The meeting will be held at the home of Mrs. James E. Wrzesien, 15355 Natalie Drive, Oak Forest.

Many women wear the same size pattern but have different fitting problems requiring individual ad-

justments. Although bone structure is considered in measuring, the distribution of the flesh also affects one's measurements. Fabric types, sewing techniques and linings will also be discussed. Guests are welcome. For further information call 532-2027 or 532-4186.

Two members of the Unit received certificates at the Amateur Creative Art Show held recently at the LaGrange Highland Community Center. Mrs. Robert Stuepegia won a certificate for

## Prestwick tells golf events

PRESTWICK  
MICHAEL J. FLYNN  
815-469-5617

Our sincerest thanks go to Walter Yonker, Frankfort Township Highway Commissioner, and Glenn Coburn, Will County Board Member and Frankfort Township Supervisor, for their speedy attention to our needs in getting authorization for speed limit signs for 30 MPH "dead end" road signs and "children playing" signs.

Aberdeen Road is now fully posted and Prestwick Road has had a few additional traffic signs posted.

Last week was a busy one for thefts, break-ins and vandalism in Prestwick. With our warm weather, it seems that the unwelcome visitors are arriving as well. On May 14 James Merriam of Aberdeen Road reported to the Will County Sheriff's Police that a car traveling at a high rate of speed failed to negotiate the turn in front of his home damaging his lawn and some lawn objects. The occurrence took place late in the evening.

On May 15, Robert F. Johnson of Highland Road in section 5 reported the theft during the early evening hours of numerous electrical fixtures and equipment valued at over \$200.00. Entry was apparently gained by opening a garage door in the home which is still under construction according to sheriff's police. On May 21 the home of Mr. & Mrs. Chester Kozlow of Pheasant Trail was broken into by way of the basement window. Nothing was taken according to

sheriffs police reports.

In over five years of living in Prestwick, it is a little strange that not a single act of vandalism, burglary or robbery has ever been solved nor has there ever been a case noted where anyone was ever caught in the act of vandalizing or robbing homes or the club. We hope that the increased patrols that have been evident on the part of the sheriff's police will soon remedy these shortcomings.

The first MIXED 2 BALL event for Prestwick Golfers was held on Friday, May 19. First place winners were Don Martin of Aberdeen Road and Pat Varner of Prestwick Drive with a 35. Second place was clinched by Bill Reilly, Olympia Fields and Sally Double, Markham with a 36. Third place was a tie between Bill Flynn of Maple Court, Betty Klasing, New Lenox, Vic Varner, Prestwick Drive and Mary Cella of Park Forest, with a 37 for both teams.

The first MIXED SCRAMBLE was held on May 21. In an event where the handicaps don't count, the winning team

with a 5 under par score for 18 holes was Janel Klare of Aberdeen road, Roy Mueller of Olympia Fields, Bob Sowers of Flossmoor and Carolyn Meyer of Prestwick Drive.

The two paper boys of Prestwick are John Klare of Aberdeen Road and John Strilich of Prestwick Drive. As has been the custom for years, they are paid for papers delivered. Payments to the boys are 1 cent per paper for trial-deliveries and 3 cents per paper for subscriptions. Since the HERALD is a weekly, 1 cent a paper is not much in money. 3 cents, still not much in money, is a 200 per cent increase.

Trial-subscriptions have been delivered to every home in Prestwick for several months now with the compliments of the HERALD. Full subscriptions have been increasing nicely. We must STOP the trial-subscriptions soon. Won't you please contact either of the boys and arrange for your subscription. Its only 40 cents per month and the boys will earn 12 cents of that amount. Besides, you like the local news don't you? Of course you do and the HERALD is the only place you can get it

## Planning a diet?

**JOLIET** — A new dietary planning service is now offered to the public free of charge at Silver Cross Hospital.

Upon referral from his physician, a patient may consult with hospital dietitians and plan prescribed menus to fulfill the doctor's requirements.

Diabetic, low cholesterol, low sodium, even diets planned for proper weight loss, will be discussed and suggested meals and recipes offered.

For information and an appointment, phone Silver Cross Hospital's Dietary Department, 729-7591 between 1 and 3 p.m. A doctor's authorization must be presented at the time of the appointment giving the type of diet to be planned.

## Springtime doves

NANCY LEE PISARSKI

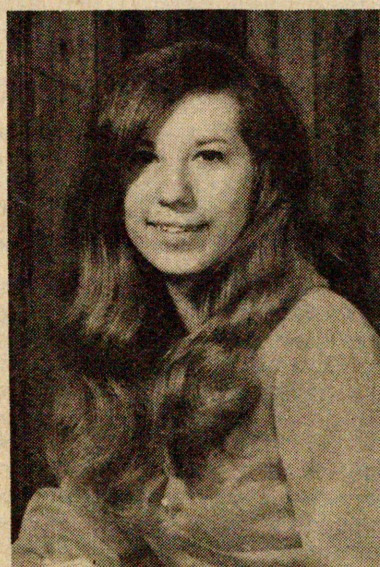

TINLEY PARK — Chester J. Pisarski, Tinley Park, has announced the engagement of his daughter, Nancy Lee, to James R. Vonesh, son of Mr. and Mrs. James L. Vonesh, also of Tinley Park. Nancy is the daughter of the late Agnes Pisarski.

Miss Pisarski, a 1969 graduate of Fenger High School, Chicago, is presently attending Trinity Christian College, Palos Heights.

Her fiancé is a 1967 graduate of Tinley Park High School and served in the United States Army for two years. He is presently attending Thornton Community College, South Holland.

No date has been set for the wedding.

Due to an error, these two pictures were transposed in last week's paper. Our apologies to Miss Bilotti, Miss Pisarski and their families.

KATHLEEN ANN BILOTTI

MOKENA — Mr. and Mrs. Albert Bilotti, Mokena, are pleased to announce the forthcoming marriage of their daughter, Kathleen Ann to Roger Tower, Lisle, son of Mr. and Mrs. Edwin Tower, Austin, Tex. The wedding will be July 15 at St. Mary's Church, Mokena. Kathleen is a graduate of Lincoln-Way High School and is employed by Merrill Lynch, Pierce, Fenner and Smith of Chicago. Roger is a graduate of Purdue and the University of Illinois and is presently employed at Amoco Chemicals, Naperville, as a chemical engineer. (Behnke Photographers)

## Gemini Engagements

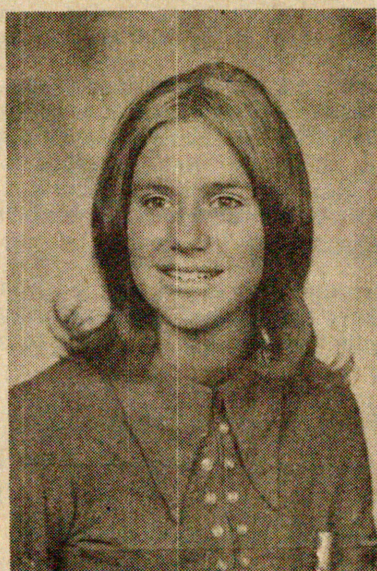

SAGITTA SAYS, If your engagement period extends through May 21 to June 20, the sign of Gemini, expect Mercurial influences.

Mercury is the ruling planet of this sign, and it may unearth intellectual judgments of, "Yes, I think I want this commitment" as against, "I think I want out of it." You may comment,

surely this is common in all engagements.

But, Gemini, the 3rd sign of the spring equinox rules through the dispersion of energies, and a restlessness may characterize your engagement.

But, breathe easy! On a more positive note, there is also an impatience to integrate. In this context, to finally get down to the business of tying-the-knot.

SALLY POOL

TINLEY PARK — Mr. and Mrs. Ben D. Wiora, Lebanon, Indiana, former residents of Tinley Park, announce the engagement and forthcoming marriage of their daughter Suzanne, and John E. Boatright, son of Mr. and Mrs. Ned E.

Boatright, Lebanon, Indiana.

The wedding has been set for July 29 in St. Joseph Catholic Church, Lebanon. The couple plan to attend Indiana University, Bloomington, Indiana, this fall.

TINLEY PARK — Dr. and Mrs. Edmond J. Perry, Redfield, South Dakota, announce the engagement of their daughter, Sarah Elizabeth, to Lee Gene Schmudde, son of Mr. and Mrs. Kenneth Schmudde, Tinley Park.

Miss Perry and her fiancé will graduate this month from Cornell College, Mt. Vernon, Iowa, where they are both members of Phi Beta Kappa. Miss Perry will be attending graduate school at the University of North Carolina at Chapel Hill this fall. Mr. Schmudde will be attending Duke University Law School, Durham, North Carolina.

No date has been set for the wedding.

SARAH ELIZABETH PERRY

JANE ELLEN ZIMMERMAN

TINLEY PARK — Mr. and Mrs. Martin S. Zimmerman announce the engagement of their daughter, Jane Ellen, Chicago, to Barry Traynor, Wheeling, son of Mr. and Mrs. Max Traynor, Oceanside, New York.

Miss Zimmerman graduated from St. George, Marian High School and St. Xavier College with a B.A. degree. She is now a social worker for Maryville Academy, Des Plaines.

Miss Traynor is an Oceanside High School graduate and has a B.S. degree from National College of Education, Evanston. He is now teaching in Mt. Prospect and will receive his Master's degree this year.

An October wedding in the Maryville chapel is planned.

## Youthful wrestlers in Pan-Am tourney

The United States Wrestling Federation, under the direction of Myron Roderick, has chosen the State of Illinois to represent the United States in the First Amateur Pan-American Infantile Wrestling Championship Tournament. The event will be held at the site of the 1968 Mexico City Olympics on June 23-June 26. The age range of the pre-high school boys participating is 8 years to 15 years. All South and Central American Countries, Mexico and Cuba will be represented.

The ten boys who have qualified to represent the U.S.A. are from this locale. They are:

50 Lbs. — Dale Slusarski, St. Mary's, Mokena, Ill.; 57 Lbs. — Matt Dusik, Tinley Park-Oak Forest.; 63 Lbs. — Pat Sterr, Joliet Boys Club; 70 Lbs. — Bob Porter, Northfield; 77 Lbs. — Lee Goldsmith, Northfield; 83 Lbs. — Ken Williams, DeKalb; 92 Lbs. — Bob Gerrarro, West Chicago; 101 Lbs. — Jeff Gerdes, Oak Forest; 110 Lbs. — Chip Conner, New Lenox and Heavyweight — Bill Boehmar, Carol Stream.

The home base for organizing and training the U.S. team is the Joliet Boys Club under the direction of Larry Stonitsch of Joliet and Terry Weber of New Lenox. The boys are already hard at work and are determined to bring home their gold medals. The team will leave for Mexico City on June 22nd and return on June 27th.

The coaches of the boys representing our State and Country are making every best effort to help our boys get ready and, at the same time gain financial sponsorship. The total cost to send the boys and coaches is to be \$2,500.

## Titan pitcher loses no-hitter

TINLEY PARK — When you turn in an outstanding performance its tough to lose. The was the fate of the Tinley Park baseball and its ace pitcher Jim Beachum, in a Southeast Conference doubleheader finale with Rich Central Saturday.

The Titans coached by Dale Delaney were winding up their best season in the schools history, and had to beat Rich for the conference title.

Beachum pitched the first game and tossed a no-hitter, but lost on an error in the eighth inning 1-0.

In the second game the Titans, perhaps disheartened after the first game, lost 3-1. It was a disappointment to coach Delaney, who has guided the Spartans to a 13-6 season mark, and a 10-4 conference showing in 1972.

The Titans were held to four hits in both games. Rich collected ten hits in the second game. Tinley Park got its only run of the day in the final inning on a double by Ed Neal and a single by Mike Kraft.

Rich scored the only run of the first game in extra innings on a walk, sacrifice bunt, error and a wild pitch.

## Peterson is leader in golfing wins

NEW LENOX — George Peterson led the Providence golf team to a pair of victories last week. The Celtics defeated Luther South 4-1, in Private League play and beat Quigley South 167-174.

Peterson shot a 40 against Quigley as did Rich Dobczyk. Paul Behrmann had a 41.

Against Luther Peterson shot a 37 followed by Dobczyk and Bob Dalpos.

# Bloom ends Providence state baseball dream, 2-1

ROMEOVILLE — Any dreams that Providence might have had of a state baseball title ended Wednesday in a heartbreaking loss in the Romeoville Regional.

Tom Dedin's team which had lost only three times in 30 outings this season was eliminated from regional play 2-1 by Bloom.

The Celtics saw their bid for a berth in the Joliet Sectional go aglimmering on a hard shot by Ken Carruthers. Carruthers shot came in the fourth inning with a man on second and the Celts trailing 2-0.

Carruthers hit a shot off the Bloom pitchers' leg, but the ball bounced right into the hands of the first baseman to stop the rally.

Tom Welsch had doubled to left to get up Carruthers' shot. Welsch finally advanced to third and scored on a sacrifice fly by Joe Prieboy for the only Providence score.

Bill Tucker, who fortunately was hit on the top of the shoe by Carruthers shot, went the route giving the Celtics two hits.

Rick Susner got the only other Celtic hit, a two out first inning single.

Larry Lee started the game for the Celtics, and was charged with the loss when both runs were scored against him.

Thursday the Celtics opened defense of the Joliet Area Invitational Tourney with a resounding 14-1 first round win over Wilmington.

The game lasted only five innings because of the high school 10 run rule. Providence ran wild stealing seven bases to bring their total for the year to 102.

Butch Markelz, who is now 12-0 for the season, picked up the win and left at the end of four because he was working with only two days rest and Dedin wanted to give his ace a rest with the Celts having a comfortable lead.

## Celtics 2nd in meet

NEW LENOX — Providence finished second to Joliet Catholic in a triangular meet last week. Joliet had 65½ points to 61½ for Providence. St. Francis of Wheaton was third with 31 points.

The Celts won the 100-yard dash, the 880 relay, the 220, discus and pole vault. Mikey Bontemps was a double win with a time of :10.2 for the 100 and :24.8 for the 220.

## Sandburg trio reach finals

Though Carl Sandburg track team didn't really give Bloom or Thorton High squads a battle for the Hillcrest district championship, the Eagles did manage to qualify three of its members for the state championship meet to be held this weekend at Eastern Illinois University in Charleston, Illinois.

Eagle seniors Dave Gavin and Jeff Crowhurst both qualified in the two mile event. Cowhurst and Gavin finished 2-3 behind Frank Flores of Bloom High. Eagle coach Gene Kowert carry's high hopes with these two distant runners downstate. According to Coach Kowert, Gavin holds one of the top two-mile times in the state. His time of 9:25 in last week's conference meet would undoubtedly place in the state meet if Gavin can repeat.

Another Eagle senior to qualify for state competition was John Dudek in the discus competition. Dudek heaved the discus 152-0 to qualify. Coach Kowert feels a toss of 160 feet is needed to place in the state meet and says Dudek is capable, of that distance. The Eagles team finish was a strong fifth in the 21 team district field.

## Eagle golf team 7th in district

ORLAND PARK — A great season for Carl Sandburg golfers came to a disappointing end last Friday when the Eagles, favored to at least take third in the sectional at Silver Lake finished seventh.

Southwest Suburban champion, Homewood - Flosmoor was the first place finisher with Blue Island second and Hillcrest third. The Eagles had just beaten Homewood, Hillcrest and Blue Island in the Big Run invitational last week at Cog Hill, but fell apart on their own home course.

Tom Frangella was the best Eagle linksman with a 80 but did not qualify for state. Sandburg too a second in conference this year with a 6-1 mark and posted an overall 10-2-1 record in dual meets.

Providence will move into second round action tomorrow, May 25, at 4 p.m., hosting Joliet East.

The Celtics got nine hits. Dick Tezak set a tournament record against Wilmington with three stolen bases in the game.

Saturday the Celts won the Private League title in their first year in the conference. The wins came on a doubleheader sweep over Little Flower, 10-0, and 10-5, and allowed the Celts to end their first season of Private league

play with a 14-1 mark.

The Celtics collected 12 hits and stole 14 bases in the first game. Prieboy got three hits and drove in four runs in the first game.

Providence got eight hits in the second game, but made the most of them, keyed by five run fifth. The big blow for the Celts was a three run homer by Rich Baranak.

Friday the Celts cracked out 10 hits in an easy 11-0 win over Conference foe Illiana Christian.

# Fourteen teams bid for '72 softball crown

TINLEY PARK — The Tinley Park Softball League opened the 1972 season last week with fourteen teams seeking the championship. The league is divided into two divisions of seven teams. Each ball club will play nineteen games to determine which eight teams, four from each division, will compete in the championship playoffs in August.

First week action was not without surprises. All three returning 1971 semi-finalists have already absorbed their first losses, and only four teams survived their two opening games without a loss.

The 1971 champion Landlovers, sponsored by Ray Feldner Real Estate, lost a close one to Teehan's Liquors/Losers, 14-13. Bremen Bank and Trust's Nickelbag Revised club proved to be the "giant-killers" by knocking off both the 1971 runner-up Casey & Wood Brotherhood, 9-7, and third place Superchiefs, 17-9. The Superchiefs are sponsored by Vern's Checker Service.

Games are scheduled for Sunday afternoons and Tuesday, Wednesday and Thursday evenings through the end of July. Fields are in use at both Tinley

Park Mental Health Center and Tinley Park High School.

## Girls league still forming

OAK FOREST — The Oak Forest Park District has announced that registrations are still being taken for women's 12" softball. Sufficient registrations are now in for two teams but the park district would like to get additional registration for two more teams. Play will be in the evenings during the week. High School girls, as well as the women in the community are encouraged to form their own teams and bring the names to the office. Registrations will be taken individually or by team at the Park District office.

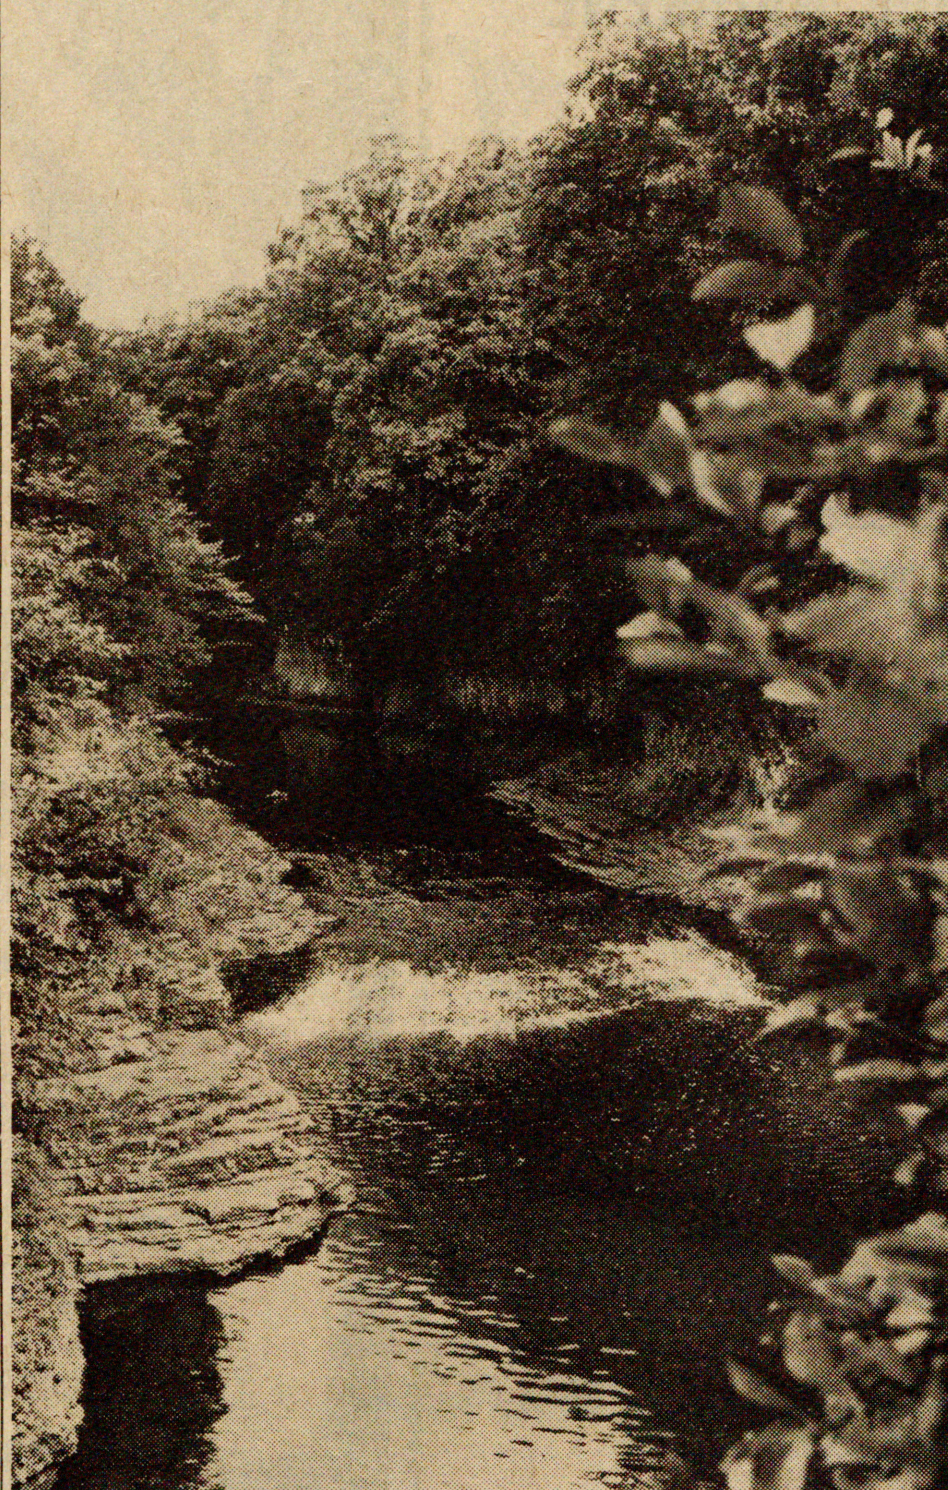

Softball league play is also being offered to men 17 and up in the community. Registrations are being taken in the park district office with a fee of \$90 for a 15 man team or \$6 per man.

Beginning and Intermediate tennis lessons will be offered by the Oak Forest Park District Recreation Department. Beginning instruction will include all fundamentals of tennis including rules and court courtesies. Intermediate tennis is designated for those with previous instruction and will consist of refinement in the backhand, forehand and service skills.

Classes will meet two days a week from June 19 through August 4. Lessons will be capped by a seasons ending tournament for all those who are participating in the lessons. For registration or information please contact the park district office, 15423 South Cicero Avenue, 687-7270.

## Have you hiked up Rock Creek lately?

You can walk along the top, or scramble along by the water's edge, and either way, it's beautiful and a lot of fun. Rock Creek is part of Kankakee River State Park. Two-thousand-five-hundred-and-forty acres of green grass, big walnut trees, picnic grounds, riverbanks, and lots of running room for the kids. More than twenty-three-hundred acres of Kankakee Park were conveyed to the State of Illinois by Commonwealth Edison through various agreements over several years. And judging by the thousands of people who enjoy the park—Spring, Summer and Fall—the land couldn't have been put to a better use.

**ORLAND PARK** — The annual spring sports banquet at Carl Sandburg High School this year will be Tuesday, May 30, in the commons. Awards will be given to athletes and timers and batgirls in track, tennis, baseball, and golf. Outstanding athletes on the year will also be honored. Tickets to the banquet are \$2, with athletes being admitted free.

**TINLEY PARK** — Rich Maier, Tinley Park's fine hurdler qualified for the state track finals May 26-27 at the University of Illinois.

Maier was fifth in the low hurdles in the Hillcrest District competition. The first and second place finishers in each event automatically qualify. Other competitors qualify if they meet certain times and distance standard set-up by the Illinois High School Association.

Winning time in the event was :19.3 by Dave Wyckoff of Bloom.

**CHICAGO** — Providence finished fifth in the Private School League tennis tournament last week. Luther North, Timothy Christian and Chicago Christian tied for first in the eight team tournament.

Celt Steve Barnett reached the finals before losing 6-0, 6-0 in the championship bracket. Barrett won his way in the title bracket with 6-3, 6-4 wins over Bob Ginbert, or Luther North and 7-5, 6-2, wins over Don Noort of Chicago Christian.

**ORLAND PARK** — The fighting Eagles of Sandburg won two out of three baseball games last week to raise their record to 9-11. Sandburg downed conference foe Bremen 6-0. The Eagles avenged an earlier 4-1 setback to Bremen by the brilliant pitching of junior Jeff King as he raised his record to 4-1 and now posts a microscopic 0.70 E.R.A. in conference. King a strong all-conference choice as he has hurled 29 innings striking out 28 and allowing only three walks and 20 hits.

The Eagles' other all-conference nominee John Miles, went 1-2 at the plate against Bremen to raise his average to a lofty .362.

On Saturday Sandburg participated in a round robin tourney. The Eagles dropped the opener to Bradlye 3-1 as Bradlye pushed three fast runs across in the first inning off loser Bill Edwards. In the second game the Eagles rallied to defeat Driscoll 4-3 in eight innings.

Sandburg was trailing 3-0 going into the seventh but pushed three across when John Miles singled with the bases loaded to tie the game. Jim Harding scored the winning run in the last inning when he scored on an error on an attempted squeeze play. John Carroll was the winner on the mound.

Hard-luck hurler Bill Edwards pitched perhaps his best game of the year against Bradlye, settling down after the first inning. The Eagles record in conference is 6-7 and will try to even it off this week against Evergreen Park in their last conference game.

**OAK FOREST** — Tom Minor and Dick Humpal outthrew all opponents for the doubles championship at the Gingerwood Athletic Association horseshoe tournament held Sunday, May 21, at the woods located south of 167th Street and Central Avenue.

Bob English took top honors in the singles matches. Trophies were awarded to the winners.

Laura L. Trapka, daughter of Mr. and Mrs. Joseph C. Trapka, 169th Street and Lockwood, Tinley Park, was named to the first semester undergraduate honors list at the University of Massachusetts, Amherst.

Paul M. Carvey, 5645 W. Lancaster Lane, Oak Forest, has won a teaching fellowship to Creighton University for next year. Carvey is a senior in the College of Arts and Sciences. He is majoring in biology and psychology.

The fellowship is for a \$2,700 stipend and full remission of tuition.

Thomas M. Panfil, 16321 S. 66th Ct., Tinley Park, was among ten John Carroll University accounting students who have been awarded cash prizes given by accounting firms for academic achievement. Panfil, an accounting junior, was sponsored by Hauser and Heintel.

George W. Thompson, son of Mr. and Mrs. George W. Thompson, 13112 S. Windward Trail, Orland Park, has been elected vice president of the Amateur Radio Club at Southern Illinois University at Carbondale.

Thompson is a senior at SIU majoring in radio-television. In addition to the Radio Club he is a member of the Marching Salukis and vice president of the College Republicans.

Thompson hopes to go into broadcast

sales and management in the Carbondale area after being graduated.

Local students were named to the dean's list at Illinois State University for the first semester.

Students from tinley Park named to the list were, Margaret Ackerman, 7535 W. Sandalwood, freshman non-major; Deborah Antonson, 16531 S. Skyline Dr., freshman Spanish major; Kathleen Beall, 7324 Dorothy Lane, junior special education major; Janet Beesley, 7288 W. 174th, senior elementary education major; Dale Daniels, 6548 W. Riverside Dr., junior accounting major.

Maureen Deinert, 16800 S. Forest View Dr., sophomore English major; Carol Fox, RR 1, sophomore elementary education major; Jill Gifford, 17100 S. Odell, senior elementary education major; Elizabeth Goldinger, 16345 S. Oxford Dr., junior deaf and hard of hearing area major; William McNamara, 17726 S. Oak Park Ave., freshman non-major; Karen Tamminga, 6643 W. Maple Lane, sophomore physics major; Diane Wegner, 7800 W. 1

159th St., senior deaf and hard of hearing area major.

Students names from Orland Park are, Joseph Amarilio, 14429 S. Ravinia, freshman political science major; Ray Atwell, 11801 W. 139th St., senior chemistry major; Bradley Bammel, 14465 S. Mason Lane, freshman chemistry major; Eric Davidge, 14341 S. Oakley, freshman political science major.

Rose Dralle, 156th St. and 116th Ave., junior mathematics major; John Steinborn, 14320 S. 92nd Ct., freshman history major; Joyce Steinborn, 14320 S. 92nd Ct., junior elementary education major; Karen Stevens, 156th and 116th, sophomore elementary education major; and Marianna Stevens, 156th and 116th, junior elementary education major.

Students from Oak Forest are, Larry Anderson, 14954 S. Elvita, junior speech major; Anthony Ferracane, 5730 W. 150th Pl., senior psychology major; Debra Haaker, 16501 S. Brenden Lane, junior special education major; and Charles Rumpf, 5340 W. 149th St., senior English major.

Wilma Woolard, 14755 S. Mission, Oak Forest, has been named to the Chicago State University president's list for the fall trimester 1971.

## Service News

RICHARD E. REDMAN

Navy Seaman Apprentice Richard E. Redman, son of Mrs. Helen M. Redman, 17214 S. Oak Park Ave., Tinley Park, recently graduated from recruit training at the Naval Training Center in Great Lakes.

Second Lt. David W. Thomas, son of Mr. and Mrs. Donald A. Thomas, 6054 W. Forest View, Oak Forest, has been awarded silver wings upon graduation from U. S. Air Force navigator training at Mather AFB, Calif.

Lt. Thomas is being assigned to Wurtsmith AFB, Mich., with a unit of the Strategic Air Command, America's nuclear deterrent force of long range bombers and intercontinental ballistic missiles.

**FRANKFORT** — Betty G. Exum, daughter of Mr. and Mrs. Robert W. Mitchell, 102 Maple St., Frankfort, has been commissioned a second lieutenant in the U.S. Air Force upon graduation from Officer Training School (OTS), Lackland AFB, Tex.

Lt. Exum, selected for OTS through

Army Specialist Six Robert F. Dean, 28, son of Mr. and Mrs. Hubert Dean of Mishawaka, Ind., recently completed a five-week Army recruiting and a career counseling course at the U.S. Adjutant General School, Ft. Benjamin Harrison, Ind. He learned the techniques and procedures of recruiting and reenlistment and the management of recruitment and reenlistment offices.

Spec. Dean entered the Army in 1961 and was last stationed in Vietnam. His wife, Peggy, lives at 15228 S. Highland Ave. in Orland Park.

Marine Pfc. Russell E. Trennert, son of Mr. and Mrs. Edward A. Trennert, 6149 W. Laura Lane, Tinley Park recently completed the Aviation Administration School at Memphis.

He will be assigned to administrative and clerical duties involved in the operation of aircraft maintenance programs.

## Frankfort

By K. M. Heisner  
815-469-5187

A Girl Scout banquet will be at 6:30 p.m. Wednesday, May 31 at the Frankfort United Methodist Church in McGlashen Hall. Serving the dinner will be the Womens Society of Christian Service. The troops participating are: Brownies No. 95, No. 99 and No. 302; Junior Girl Scout No. 386 and No. 96 and Cadette No. 379. During the program Brownie Troops will fly up to Junior Girl Scouts and Junior Scouts bridging over to Cadettes. All the other Scouts will be rededicated. Special guests will be Mrs. Lee Gericke, neighborhood chairman of Tri-kenia and Mrs. Richard Person, leader of Junior troop No. 319.

Brownie leaders, Mrs. Ronald Reed and Mrs. James Kogut and their troops recently visited the Lexington House, Frankfort, bring potted plants to those people residing there. The Salvation Army Donut Day is scheduled for Friday, June 9 by the village board.

Boy Scout Troop No. 270 Frankfort, with 27 Boy Scouts in attendance and accompanied by Scout Master Lee Gericke and assistant Scout Master Gordon Alkire and committee chairman Don Lorenz took part in the Polaris Camporee, Pilcher Park on Saturday, May 13 and Sunday, May 14. Flaming arrow and Voyageur Patrol combined took first place and the Boxers, Pioneers and Fox Patrol each took a third place. The troop will be marching in the Memorial Day Parade on Monday, May 29.

The Tri-kenia Girl Scout day camp will be from June 19 to the 23 at Van Horn Woods. Bus pick-up for Frankfort Girl Scouts will be 8:10 a.m. at the Frankfort Grade School and drop off at 3:50 p.m. Those at Chelsea School is 8:20 a.m. and drop off at 3:40 p.m. Frankfort Girl Scouts may go to either location, but be prompt.

John E. Flynn, son of Mr. and Mrs. Edward G. Flynn, Frankfort, received a B.A. degree at Loras College, Dubuque, Ia. on Sunday, May 14.

The Green Garden Snip n' Snack 4-H club held a Mother's Day tea on May 13, with each girl introducing their mother. Songs were sung and games played. Tammy McDerment did a twirling routine.

The next meeting will be June 10.

The 34th annual meeting of the Will County Homemakers Extension Association was held at the Holiday Inn South. There are 637 members in 11 units of the association. New officers installed by Mrs. Herman Lindholm, past president of the association were: Mrs. George Sangmeister, Mokena, president; Mrs. Seveno Leggero, Joliet, first vice president; Mrs. John Ambrosini, Lockport, second vice president; Mrs. Robert Fitzgerald, Mahanatt, secretary and Mrs. Norman Strassenburg, Mokena, treasurer.

New chairman are: Mrs. John Meyer, youth; Mrs. Harold Carlson, ways and means; Mrs. J. B. Fuller, community interest; Mrs. Eugene Gosciejew, crafts; Mrs. Nicholas Bokan, citizenship and safety; Mrs. John Knupp, cultural arts and Mrs. Richard Brady, public information.

Guest speaker was Wayne S. Nordstrom, Bishop Hill. Mrs. Patricia Rotz, Mrs. Charlyn Fuschen and Mrs. Deborah Smith, extension advisors gave reports.

Mrs. William Rutledge presented a musical program accompanied by Mrs. Laura Williams.

## New Lenox

By Dolores Anderson

Grace Episcopal church will sponsor their annual church school picnic for all members of the mission on Sunday, June 4 at 12:30 p.m. . . Games and prizes will be provided for the children as well as swings and lots of running room. Soft drinks will be provided. The affair will be held at the home of Mr. and Mrs.

## C. W. Batson dies; New Lenox eldest

NEW LENOX — Funeral services for Ceward C. Batson, New Lenox Township's oldest resident, were conducted yesterday (Tuesday) at 10:30 a.m. from Grace Episcopal Church, with the Rev. William Hoelzel officiating. Interment was in Maplewood Cemetery.

Mr. Batson, who was 98 years old, died at his home last Saturday, May 20. He was born at West Pennard, England, Nov. 4, 1873. He came to New Lenox when he was 16 years old and had resided there ever since.

One of his first jobs was delivering mail to residents southeast of New Lenox, in that township and Frankfort Township too, making his route on horseback. It was a 10 mile trek when he started. Then it became a 20 mile route, later postal authorities decided it should cover 30 miles and finally 50. Covering 50 miles a day in the saddle is a long day for rider and horse. Then too the automobile was making its appearance so Batson turned his attention elsewhere

Edwin Michaels, 719 No. Cedar road.

Mr. and Mrs. Len Anderson spent the past week-end in Saugatuck, Mich. with her father, A.W. Walsh.

The last scheduled retreat for the Grace Episcopal church is set for June 24 at DeKoven Foundation, Racine, Wis. For more information, contact the Vicar, Rev. William N. Hoelzel.

Mrs. Joseph Yeager has been confined to her home with pneumonia.

Boy Scouts troop 12 will sponsor a Paper Drive from which proceeds will go to finance a canoe trip for the members of the troop June 18-24. They will enjoy a week of camping and canoeing near Ely, Minn. Anyone having papers are asked to call, Bill Krohn at 485-6640; Rich Koller, 485-6287; or Carl Friant 485-2485.

Saturday, Aug. 19 is the date that has been set for the annual Country Fair at the Grace Episcopal church. There will be an organizational meeting on Thursday evening, June 15 at 8 p.m. at the home of Doris and Wendell Cooper.

Mr. and Mrs. Earl Schroeder returned home Sunday from their summer place at Saugatuck, Mich.

## Lincoln Estates

By Frieda Wille  
815-469-5277

A Court of Awards was held by Jr. Girl Scout troop 378 at their regular meeting on Wednesday, May 17. The following girls received achievement badges; Denise Seamon - Collector, Magic Carpet and Hospitality; Sandy Geist, Joanne Fields, Teresa Sulkowski, Rosie Fields, Sandy Banaszak, Gale Castens and Kim Wilson received the Magic Carpet badge; Beth Kamm Magic Carpet and Pen Pal and Debbie Seamon Observer and Rambler. The Court of Awards was attended by the third grade Brownies who will be flying up to Jrs. next fall.

Marcia Albright, Diane Castens, Rosie Fields, Cathy Wilson, Linda Robertson, Diane Blauw, Kim Wilson and Sandy Geist attended a Bridging ceremony on Wednesday evening, May 17. These girls will be going into Cadette troop in the fall. The sixth grade girls were welcomed by Mrs. Barry Diercoff and the girls of Cadette troop 336 in a Candle Light ceremony.

The annual Mother-Daughter banquet was held at the Calvary Baptist church on Sunday, May 14. Mrs. Mike Skala was awarded the prize for the youngest mother, Mrs. Fred Harmon, mother with the most children, Mrs. George Jackson, mother with the youngest baby, and Mrs. Jenny Sipes, oldest mother. The prizes were bronze praying hands plaques. Mrs. Petersen, Homewood was the guest speaker. There was special music by Mrs. Sally Sauers, Yorkville, Ill.

Mr. and Mrs. George Kaehler attended the wedding reception for Mr. and Mrs. Donald Vojtanek on Saturday evening, May 13. It was held in the Paradise Hall, Chicago.

The second and third grade pupils of the Ann Rutledge school went on a field trip to the Field Museum and the Shedd Aquarium. They were accompanied by their teachers Mrs. Thora Rourke and Mrs. Gerald Farhner. The mothers who went were: Mrs. Phil Steck, Mrs. Wm. Lovelock, Mrs. Cal Heath Jr., Mrs. Mary Kamm, Mrs. Wayne Sulkowski, Mrs. Leonard Calhoun, Mrs. Lee Gericke, Mrs. Robert White and Mrs. Ervin Harmon. On Wednesday, May 17, Sgt. Figarella, a member of the Will County Sheriff's department was at the school and showed a film and answered questions about "The Roll of The Policeman." Monday, May 29 is a holiday with no school.

The seventh and eighth grade members of the C.C.D. class of the St. Anthony's church will sponsor a car

after some 15 years on the mail job. When the New Lenox State Bank was organized his son, Ceward W. Batson became the first cashier. Later his father took over the post but after a time changed to the lumber business. He became part of the office staff at the New Lenox Lumber Co. and continued there until he became 89, nine years ago, when he retired. He was active in business and community affairs.

His first wife died in 1919. His second wife, who survives him was the former Nellie Gould. Also surviving are three sons, Ceward W., former president and now chairman of the board of the New Lenox State Bank; Clyde M., and Jack A. Batson, members of the New Lenox village board; one daughter, Mrs. William A. Drake, of Lockport; a sister, Mrs. Annie Parson, New Lenox; nine grandchildren, 10 great-grandchildren and two great-great-grandchildren. In lieu of flowers the family requested memorials to Grace Episcopal Church.

wash on Saturday, June 3. It will be held at the St. Anthony's parking lot from 11 a.m. to 7 p.m. The fee will be \$1.25 per car. The young people are trying to raise money to go on a camping trip sometime in June.

Mr. and Mrs. Fred Harmon were honored at an open house on Sunday May 14. The occasion was their golden wedding anniversary. The party was hosted by the couple's seven children. The food was prepared by the ladies of the Park View Baptist church, Mokena. Mr. and Mrs. Harmon have two daughters, Alene, Mrs. Marvin Kluth and Dorothy, Mrs. John Tyler and five sons, Eldon, Lockport and Bernard, Floyd, Ervin and Gene, Lincoln Estates, twenty two grandchildren and four great-grandchildren. Many of their friends came to wish them well despite the bad weather.

Mrs. Joe Machtemes has returned home from the Ingalls Memorial hospital where she underwent surgery recently.

## Mokena

By Jean Bradley  
312-479-9321

The Mokena Fire Department Auxiliary is having a plastic ware party at 8 p.m. Thursday, June 1 at the firehouse. If you cannot attend but wish to place an order, contact any auxiliary member.

The eighth graders of Willowcrest Junior High will go to Springfield, Ill. Thursday, May 25 for their field trip.

There will be no school on Monday, May 29 in observance of Memorial Day.

The Mokena Lions annual ladies night will be Thursday, June 1, at the Dixie Governor Motel.

## Arbury Hills

By Marie Hovi  
(312) 479-5740

The Girl Scouts of the Trailways Council will hold their annual day camp at Van Horne Woods on Wolf Road and Route 30 from June 19 until June 23.

There is bus transportation provided for the girls, and those coming from Arbury Hills will be picked-up at the Arbury Hills School at 8:15 a.m. and will be returned there at 3:45 p.m. Please have the children prompt for the bus in the morning. The bus will not wait.

The boys from Cub Scout Pack No. 10 went on a field trip to the Fisher Body Plant, Countryside last week. Some twenty-nine boys and ten adults participated in the venture. The boys from four dens were shown how parts of cars were made. They were required to wear safety glasses during the tour to protect their eyes. Following the tour the boys and the adults were given a book and a key chain as a parting gift by the management. Thanks much to Ervin King of our community for arranging the tour. It proved interesting to both boys and adults.

The Girl Scouts of Troop No. 289 joined those of Troop No. 103 at the Redwood Inn for their mother-daughter dinner. The girls presented their mothers with red carnation corsages before they left Arbury Hills.

Following the dinner the girls of Troop No. 103 were awarded their badges earned this year. The girls of Troop No. 289 will receive their badges in the near future due to the illness of their leaders.

The girls again joined forces in a hike and outdoor lunch at Mokena Park on Saturday, May 20. The girls were to have prepared their own "Girl Scout Stew" as a part of preparation for a badge. The girls hiked to the park from Arbury Hills, prepared their lunch and, upon completion of the days outing, hiked back.

The Boy Scouts of Troop No. 10 participated in the Scouts Polaris Camporee '72 in Pilcher Park, Joliet over the week end of May 12 through 14.

The fifteen boys under the leadership of Ed Hovi, the Scoutmaster, were divided into three patrols with Don McGowan, David Hovi and Mike Hovi being chosen the three patrol leaders.

This camporee was held to give the boys of the Thunderbird District an exercise in the use of the map and compass. There were fifty stakes placed in various places throughout a given course with varying point values. The boys were to locate the stakes using a given map using only their compasses.

Our boys showed them all! In a troop with only two boys present with ranks higher than Tenderfoot, Don McGowan with Life Scout and Mike Hovi with Star Scout, and thirteen Tenderfoot and Scouts, the troop placed Don McGowan's patrol first over-all and David Hovi's patrol also in the first division, number eighteen out of seventy-seven patrols, and Mike Hovi in the second division.

This only proved that hard work and an earnest desire to do well can win out over more experienced boys who may not have worked as hard. Congratulations, boys!

The camporee ended on Sunday morning with religious services for both the Protestant and Catholic boys prior to the return home.

## Sex doesn't count when absenteeism is the issue

Women workers have favorable records of attendance and labor turnover when compared with men employed at similar job levels and under similar circumstances. This conclusion is supported by a careful analysis of various impartially collected statistics on absenteeism and labor turnover which also indicates that the skill level of the job, the age of the worker, the worker's length of service with the employer, and the worker's record of job stability—all provide better clues to an understanding of differences in work performance than does the mere fact that the worker is a man or a woman.

These data contradict some generalizations about the comparative labor costs of men and women. However, such generalizations are based on studies which point to the sex of the worker as the major determining factor in situations where numerous other factors have much more influence.

A Public Health Service study of worktime lost by persons 17 years of age and over because of illness or injury shows an average of 5.6 days lost by women and 5.3 days lost by men during a calendar year. Significant differences were noted between men and women in the amount of time lost because of acute or chronic illness. Women lost an average of 3.7 workdays because of acute illness, whereas men averaged just 3.3 days away from work for this reason. On the other hand, men were more likely than women to be absent because of chronic conditions such as heart trouble, arthritis, rheumatism, and orthopedic impairment.

Another analysis also has indicated that women's illnesses usually keep them away from work for shorter periods than men's illnesses do. The Health Information Foundation of the University of Chicago studies the total loss to the American economy from work absences that occurred because of illness or injury between July 1959 and June 1960. Since women lost more worktime because of acute conditions and men because of chronic conditions, the study found that the total financial loss caused by women's absences was about the same as that caused by men's.

## Dry cleaner services vary

Selecting the right dry-cleaning service for different kinds of clothing assures good results at lowest cost.

Economy service is satisfactory for skirts, slacks, sweaters, simple dresses and children's coats. Because this type of service does not usually include pre-spotting, it may not prove satisfactory for clothing that contains oily stains. However, the service does include the normal, cleaning cycle, steaming, and sometimes, touch-up pressing.

Coin-operated or self-service dry cleaning is a great money-saver. It is especially satisfactory for garments that don't need a final pressing. Coin-operated machines use the same cleaning solvents that commercial dry cleaners use, and the standard machine cycle will remove most oily stains. In general, garments need little or no pressing if you remove them from the machine and place them on hangers as soon as the process has been completed.

Regular cleaning service usually includes pre-spotting, dry cleaning, machine finishing, some hand finishing and free simple repairs. When you select regular service, your garments get more individualized spotting and finishing attention than is customary with economy service.

Special or custom service costs more than the other types of services. It is recommended for delicate or difficult to clean fabrics and also for garments with intricate design details. Garments given customer service receive the regular cleaning service plus a final careful inspection. In addition, the garment will be stuffed with tissue or packaged to retain the careful workmanship of the cleaner.

## Baby courses at Joliet Hosp.

JOLIET — Expectant parents can register now for the prenatal course at Saint Joseph Hospital beginning June 7 at 7:30 p.m. The course will be for 5 weeks on Wednesdays in the hospital auditorium.

Both husbands and wives are encouraged to attend the non-denominational health course for which there is no charge. Registration can be made by phoning 725-7133, ext. 746 or 748.

The course will cover anatomy and physiology, labor and delivery, anesthesia, exercises to help with the pregnancy and delivery, anesthesia, baby care, breast feeding and a tour of the obstetrics department. Mrs. Dorothy Jones, R.M., Mrs. Olive Cherven, R.N. and Mrs. Dorothy Wysocki, R.N. will be the instructors for the course.

The Bureau of Labor statistics, in its monthly survey of the labor force, records the incidence of illness but not its duration. During an average week in 1968, 1.7 percent of women workers and 1.5 percent of men workers were absent from work because of illness. In addition, an average of 1.2 percent of the women and 1 percent of the men did not report to work for other reasons, excluding vacations. This survey does not give the full story, of course, since women have, on the average, shorter periods of absences than men.

Available statistics on labor turnover also indicate that the net differences in job-leaving of men and women are generally small—even when considered on an overall basis.

A study of occupational mobility by the Bureau of Labor Statistics indicates that men are more frequent occupation changers than women. According to that study, only 7 percent of the women but 10 percent of the men held a different occupation in January 1966 than in January 1965. Movement between occupations was greater among young workers than among mature ones. In the 18-19 year group, more than 1 out of 4 girls and almost 1 out of 3 boys had worked in more than one occupation in 1964. Among those workers 35 years or older, fewer than 4 percent of the women and 6 percent of the men had changed occupations.

The seeming inconsistency between the labor turnover rates and the occupational mobility percentages of the two studies made by the Bureau of Labor Statistics is explained by their different coverage. The study of turnover rates referred to job changes of factory workers only. The study of mobility rates, on the other hand, measured all occupational classification. In addition, the latter figures exclude workers who left jobs in 1965 and had not obtained new ones by January 1966, either because they were unsuccessful in their job hunting or had voluntarily left the labor force. Since there are relatively more women than men in this category, the figures for

women's occupational mobility tend to be slightly understated.

Geographic labor mobility was also found to be somewhat less among women workers than men workers in a study made by the Social Security Administration. Between 1957 and 1960, an average of 6.3 percent of women workers but 7.7 percent of men workers changed the region of their main job. The extent of regional movement among white women workers (6.4 percent) and Negro women workers (5.3 percent) was exceeded by both white men workers (7.8 percent) and Negro men workers (7.3 percent).

Another indication of women's increasing stability in the work force is revealed in trend figures on the work life expectancy of women, as compiled by the Department of Labor. These figures show that the average number of years a woman works had more than tripled from 1900-1960 and had increased by almost one-third in the decade 1950-60. Worklife expectancy for those women born in 1900 averaged 6.3 years; in 1940, 12.1 years; in 1950, 15.2 years; and in 1960, 20.1 years. In each case, the percentage increase in women's average worklife expectancy far exceeded that of their average life expectancy.

The expected worklife of a woman is closely related to her marital status and the number of children she has. In the large group of women who enter the labor force by age 20, the relatively small number who never marry have a worklife expectancy of 45 years. This is about 10 years longer than for those women in the group who marry but have no children and about 2 to 3 years longer than for those who become widowed or divorced. For the large number of married women with children, worklife expectancy declines with the higher number of children and the later timing of the last child. A woman marrying at age 20 has a workworklife expectancy ranging from 25 years if she has just one child to 17 years if she has four or more children.

## Calendar

SUNDAY, MAY 28

MONDAY, MAY 29

GREEN GARDEN—Annual school picnic of Green Garden School, sponsored by the PTO.

NEW LENOX—The New Lenox Sportsman Club is having a white elephant sale from 1 to 4 p.m. at Menoka Club, Stripmine area, Wilmington. Articles should be in no later than noon on Sunday.

WEDNESDAY, MAY 1

FRANKFORT—Girl Scouts banquet at Frankfort United Methodist Church beginning at 6:30 p.m.

**GIVE HIM AN AD and 2 TICKETS**  
To Sox Park or Wrigley Field only **\$5.00**

This Father's Day, run a three-line ad in Crescent and Citizen Newspapers telling Dad how great he is. We'll not only run the ad in all 23 of our newspapers on June 14th, we'll mail your message and two certificates redeemable for general admission tickets to either Wrigley Field or Sox Park, to arrive by Father's Day. He can use the certificates any day he chooses.

### HERE'S HOW THE WHOLE THING WORKS

Write a three-line (15 word) Father's Day message on a plain sheet of paper. Include your name and telephone number, and the address to which we should send your message and certificates. Don't forget to tell us if you want tickets to the Cubs or Sox. Put the message in an envelope along with \$5.00. Additional certificates available for only \$1.75 each.

Mail to:

MR. AND MRS. LLOYD LUHRING

## Luhrings' celebrate 25th

FRANKFORT — Mr. and Mrs. Lloyd Luhring will observe their 25th and silver wedding anniversary with an open house from 2-4 p.m. Sunday, June 4, at their home. All relatives and friends are invited. The Luhrings were married June 8, 1947 at the home of her parents, Renville, Minn.

## In Will County

# New law officers' pension plan

By Michael J. Flynn

WILL COUNTY — A new and improved pension plan plus widows' annuity for Illinois sheriffs and deputies has recently passed in the House of Representatives and is expected to pass soon in the Illinois Senate.

Known as House Bill 4631, the act amends and adds to the Illinois Pension Code provisions which will place sheriffs and deputies on a pension plan as

favorable as the one now in force for members of the Illinois State Police.

Under the previous Illinois Municipal Retirement Fund (IMRF) plan, a complicated and inequitable formula was used to determine retirement benefits. The IMRF plan also stipulated retirement at 55 years of age instead of after a fixed period of service, say 20 years. Under its terms, a deputy who started at 22 years of age would be

eligible for retirement only after 33 years of service. The old plan also made it financially impossible for an experienced and valuable deputy to continue doing police work for there were no incentives built into the program.

The new plan provides that a deputy who has completed 20 years of service may retire receiving 50 per cent of their previous 12 months salary as a pension.

If they should elect to continue in police work with their department, they will receive incentive bonuses in the form of increased pension benefits at a fixed percentage rate for each additional year worked.

The new retirement program now provides each sheriff's office in the state with a powerful new weapon to keep highly qualified and experienced deputies at work serving the public.

From Will County: Sheriff Joseph R. Trizna, Sergeant Raymond Waliczek, Deputy Robert Pederson and Michael J. Flynn, a member of the Sheriff's Citizen Advisory Committee; from DuPage County: Sheriff Wayne A. Shimp, Deputy Rex Martin, Deputy Robert Byron and Deputy Swany Swanson; from Kendall County: State Senator Robert Mitchler.

After the informal committee began working in February, 1971, a list of supporters began to grow with State Representative Al Schoberline of Aurora joining early. Later, the Illinois Police Association provided funds so that attorneys could be retained to draft the initial legislation.

The Illinois Sheriffs Association provided advice and assistance as did sheriffs and deputies from other departments. Final assistance for the project was provided by the Illinois Senate Committee on Pension Laws.

## Tax hike loses

MANHATTAN — For the third time in as many years the voters of the Manhattan Grade School District have voted down a proposed hike in the educational fund tax rate.

The referendum was conducted last Saturday, May 20, with the Anna McDonald School serving as the polling place. The proposal on the ballot was to raise the educational fund tax rate 21 cents, over the present rate of \$1.08 per \$100 of equalized assessed valuation.

The vote was 131-74 against the proposition. One of the unusual things about this election, it was noted, is that there were no spoiled ballots 205 ballots were cast and the number of votes counted totaled the same amount.

The district has not had an increase in the educational fund tax rate since 1964. Manhattan school is part of the Lincoln-Way High School district.

## Mannheim Sq. officially open

FRANKFORT — A gala grand opening celebration was held recently at Mannheim Square. The festivities held throughout the day were attended by more than 2000 people.

Mayor Glen Warning, Frankfort, cut the official ribbon marking the opening of the Square.

Also present at the ribbon cutting were Jim and Sandy Reeves, Reeves School of Art; Richard and Betty Scanlon, Isle of Capri Restaurant; Connie and Albert Behnke, Behnke Studio and Alcom Decors Ltd.; Mary and Bob Krueger, R.W. Krueger and Association; Mary Brennar and Marge Splant, Maria Shoppe and Denise and Bonnie Behnke.

# News Briefs

## Olson leads educators

FRANKFORT — LeRoy M. Olson, superintendent of the Frankfort Grade School District, was recently elected president of the Will County Superintendents and Principals Association for the 1972-73 school year. He served last year as vice-president and program chairman.

Dr. Arthur L. Bruning, superintendent of Joliet Township High Schools, was elected vice-president and program chairman and H. James Wrath, assistant to Boyd R. Bucher, superintendent of Will County Educational

Service Region, was returned to the office of secretary.

Charles Ursitti, superintendent of the Laraway School District and chairman of the nominating committee presented the slate during the last formal meeting of the school year.

Olson will succeed James Davis, superintendent of the Wilmington Unit School District. Boyd R. Bucher presented Davis with an engraved gavel which bears his name and the term he served as president, 1971-72.

## Good year for chessmen

NEW LENOX — The past school year has been a good one for the Lincoln-Way varsity chess team. It finished with a 7½ to 3½ record in dual meets and in the tourney held this month at Evergreen Park, Lincoln-Way finished in the middle of the pack of the 50 best teams in the state.

In the tourney the L-W team defeated East St. Louis, 3-2; St. Bede, 3-2, and had a draw with Stevenson, 2½-2½. It lost to Lake Forest, 3½ to 1½, and West Leyden, 3½ to 1½.

Darrell Bennet had 3½ out of 5 points; Doug Emory (captain) 3; Tim Grimmett, 2½; Scott Killinger, 1½ and Brian Little, 1.

Lincoln-Way freshmen finished in a fourth place tie. Stan Wilson led the squad, going undefeated against five different individuals, and won a trophy for being best in the state in his position.

## Park sign-up dates set

FRANKFORT — Registration for the summer program sponsored by the Frankfort park district will take place on two Saturdays, June 10, and June 17, at Frankfort Community Park and Chelsea School, it was announced by Ray Knecht, Park director.

Registration at the park will take place in the pavilion; at Chelsea School the multi-purpose room will be used. The program will begin June 19 and run for six weeks. The last day will be July 28. There is to be a junior counselor program initiated and the youngsters who take it will get practical assistance immediately through helping the regular staff. The program will begin with a swimming party June 19 at Camp Manitou. This pool will be used by the park district through the period its recreation program, Knecht said.

Youngsters in grades four through eight will get their workouts at Frankfort Community Park between 10 and

11:30 a.m. From 1 to 2:30 p.m. the park will be used by pupils from kindergarten age through third grade.

A kindergarten through third grade group will also work out at Chelsea School from 2:30 to 4 p.m., Knecht said.

Some of the highlights of the summer program will be several trips to Chicago. On one of them the youngsters will see the White Sox ball team in action. Another trip will be to the Field Museum and there will also be a visit to the Museum of Science and Industry.

One of the projects to be undertaken will be candlemaking, Knecht said. Further information relating to the program will be given out at the Frankfort grade schools, Knecht said. The director of the recreation program resides at Frankfort and is a physical training teacher at Homewood-Flossmoor High School. His telephone number is 469-3602.

## Teacher wed in Florida

NEW LENOX — Mrs. Doris M. Adams, 801 Kings Mill Road, St. Charles and Ralph D. Irving, DeKalb, were married on May 1, at Christ the King Lutheran Church, Largo, Fla. Rev. Daniel Brockhoff officiated at the double ring ceremony.

Mr. and Mrs. Marvin D. Hangartner, brother and sister-in-law of the bride

and their children, Rick and Jan attended the couple.

Mrs. Irving has been a vocal music teacher at Oakview Jr. High School for the past eight years. Ralph is Agency Supervisor with the Equitable of Iowa, DeKalb.

The couple will make their home at 801 Kings Mill Road, St. Charles, Ill.

## Sewing machine models vary

If a new sewing machine is included in your spending plan, you may find yourself confused by the many different models and wide range of prices available.

Do you make almost everything you and your family wear? Do you make home furnishings such as draperies and slip covers? Is your sewing machine used primarily for mending? Are the garments you make fairly simple or do you enjoy intricate pattern designs and decorative items for your home? How you answer those questions will help you decide which machine to choose—straight stitch, semi-automatic or fully automatic.

Straight-stitch models are the least expensive. Attachments such as buttonholers and rufflers are usually available at extra cost. The straight-stitch machine is a good choice for the seamstress who sews very little and is not concerned with machine-sewn decorative effects.

The semi-automatic machine does everything a straight stitch machine will do. And in addition, it will make simple zig-zag patterns for seam finishes, make buttonholes and mend. Some will also blind-hem. Such machines are

somewhat more expensive than straight-stitch machines.

Fully automatic zig-zag machines are the most expensive sewing machines. They will straight-stitch as well as make a wide range of patterns for decorative sewing. Some have a special stretch stitch for knit fabric. To get your money's worth from the fully automatic machine, you need to learn to use all the special features.

After deciding on the kind of stitching you want from a sewing machine, you need to make other decisions, such as whether to choose a portable or cabinet model. A portable machine is an excellent choice for a small home or apartment. However you may want the convenience of easy access that a cabinet model offers. In addition, a cabinet model can double as a piece of furniture.

When choosing the brand of machine you want, consider the reputation of the company for producing a good-quality, dependable product. Check on the guarantee offered, location of the service center, and availability of parts. These factors are especially important if the machine is foreign-made.

MR. AND MRS. KLAAS MULDER

## Mulders feted at 50th

MOKENA — Mr. and Mrs. Klaas Mulder, Ft. Myers, Fla., and former residents of this area, were honored May 21 at a 50th anniversary dinner at the Blue Willow and an open house later in the day at the home of Mrs. Fred Woods. The couple were married May

20, 1922 in the Netherlands. They have three children, Theresa Woods, with whom they spend the summer months and Henry, both of Mokena; Eleanor, (Mrs. John Wickliffe) North Carolina and eight grandchildren.

# New power station planned near Morris

SOUTHWEST — Plans for a new 2.5-million kilowatt generating station to be built in the vicinity of Morris, Ill. have been announced by Commonwealth Edison Co.

Five 500,000-kilowatt units are to be installed in the plant, according to J. Harris Ward, board chairman of Edison. It will be located in Grundy County about a mile and a half west of the company's nuclear power station at Dresden. The new plant will be known as the Collins Station and is to be fueled by low sulfur oil and equipped with a closed-cycle cooling lake.

According to Ward cost of the project will exceed 500-million. The cooling lake alone will cost about \$20-million, Ward said, he added that about two-thirds of the 3,600 acres needed for the plant site have been acquired.

The first two units are scheduled for service in 1976; two more in 1977 and the final unit is slated for completion in 1978. They will be "cycling" units, first of their type in the Edison system, it was reported.

Ward said they will provide the company's generating system with

added flexibility in adjusting to changing electrical demands. Designed to be brought up to full load rapidly, the Collins units will be operated primarily during heavy load periods of weekdays and will supplement the power provided by the company's base-load nuclear units.

Bids from boiler and turbine-generator suppliers are now being reviewed by the company and application to the Illinois Commerce Commission for authorization to build the plant is being made, Ward said.

"The capacity of Collins station will be needed as scheduled to provide for the electrical needs of Edison's customers in the latter half of this decade," the chairman said. "The station will be planned built and operated according to standards that meet every environmental requirement."

Ward added that the new oil-fired station will help the company overcome capacity deficits resulting from delayed construction of a planned 2.2-million kilowatts station in LaSalle County. The LaSalle facility has been held up for almost two years by regulatory delays.

### Restoring a landmark

Work began last week on the restoration of the old settler's cemetery near 155th and Harlem. The ground was made level; garbage had already been cleared out and grave-stones were piled together while the groundwork was done. The services of the bulldozer were donated to the cemetery restoration committee by the paving company.

Staff photo by Tom Haulihan

### Wife held in stabbing

OAK FOREST—Police arrested an Oak Forest woman Friday, charged with stabbing her husband, Evelyn Rundle, 15850 LeClaire, was charged with aggravated battery by the police in connection with a knife stabbing of her husband Kenneth Rundle.

Police who arrived on the scene reported they found Rundle standing in the kitchen holding his stomach and a knife. According to police Rundle told them his wife has stabbed him. Rundle was taken to Ingalls Memorial Hospital and was placed in intensive care.

### Library vote June 3

ORLAND PARK—Voters in the Orland Park and the Palos areas will be asked to decide on Saturday, June 3, whether or not they wish to authorize the formation of a district library.

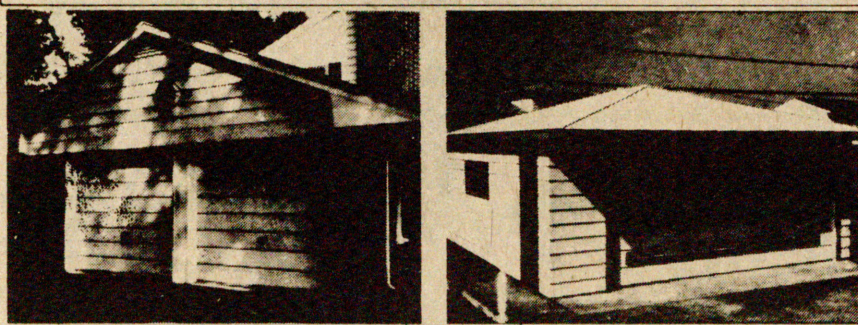

The proposal which originated with the Orland Park Library Board seeks to encompass the Villages of Orland Park and Westhaven, and the unincorporated area of Orland Township and Palos Township south of the Sag Channel.

Rundle was removed from the intensive unit Monday.  
Mrs. Rundle's court date is June 30 in Oak Forest. She is held on \$2,500 bond.

## Hutchison leads race

**TINLEY PARK** — The decline of the American economy is the principal reason that Tinley Park attorney Dick Hutchison entered the high-charged presidential delegate race.

He must have said the right things to voters in the congressional district because he led the 11-man field.

Hutchison ran as a delegate pledged to Maine Senator Ed Muskie but Muskie's withdrawal from active participation leaves Dick uncommitted at the moment.

"I was the only Muskie delegate to be endorsed by the Independent Voters of Illinois," Hutchison said.

"What truly set me off as a citizen and concerned Democrat was the decline of our economic power under the Nixon economic doctrine," Hutchison added.

He listed these as telltale signs of our fall from economic power:

1. Nixon's projected budget deficit of \$11.6 billion turned out to be \$38.8 billion.

2. The cumulative Nixon budget deficits so far are about \$80 billion and Nixon is expected to go over the top with \$100 billion before his term ends.

3. For the first time in this century the U.S. has a trade deficit.

4. Nixon had to devalue the dollar, but announced in his State of the Union message it was a "major breakthrough."

5. The country's reserve assets declined \$2.3 billion in 1971 which was the largest one-year decrease in history.

Hutchison, 33, lives at 16321 S. Ridgeland. He is also the campaign manager for his law partner, State Representative Leland Rayson (D., 9th).

His political background includes a three-year precinct captain stint while attending the University of Illinois law school. He has retained his love of grassroots politics by becoming a precinct captain in Bremen township.

Hutchison was just appointed prosecutor

DICK HUTCHISON

for the village of Robbins and at one time was the chief legal counsel for the Illinois Department of Personnel.

Hutchison spent some time with the YMCA. He toured South America for a year working on Y projects in Venezuela, Columbia, Brazil, Peru, Ecuador and other countries.

The Y cited him for his detailed understanding of the countries' needs. He was then appointed to the Y national board of directors.

Hutchison also served with the U.S. Youth Council in preparing and conducting sessions at the World Assembly of Youth.

He was midwest director of the College Young Democrats and national affairs editor of his college newspapers.

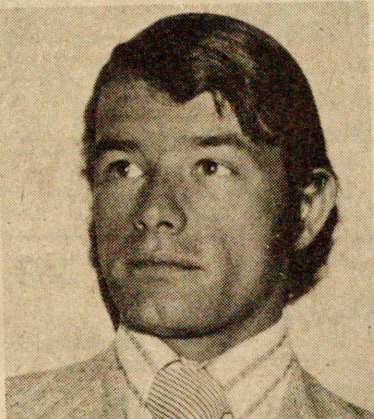

Hutchison, who is married and has one child, was also elected to a term on the High School District 228 School Board in 1970.

## Rodger backs Muskie

**TINLEY PARK** — Ronald A. Rodger, son of Mrs. Ann Rodger, Tinley Park, was elected an alternate-delegate to the Democratic National Convention in the March Primary election.

Rodger, who was pledged to vote for Muskie on the first ballot, received 14,751 votes in the primary.

He was one of two alternate-delegates chosen.

Fenced-in outdoor privacy is yours with any lifestyle you choose at The Village: Quad Home, Garden Home or TownHome. And at The Village, you have complete freedom from both the landlord and the lawnmower—more time to enjoy what you have, because all exterior maintenance is done for you.

**Just 45 minutes from downtown Chicago**  
The Village is on Caton Farm Road and Route 30 (Plainfield Road). From Chicago take the Stevenson (I-55) to Route 30 and exit south to Caton Farm Road. Furnished models are open for inspection daily and Sunday from 10 to 7, Saturday from 10 to 6. Phone 436-3900.

MORE FAMILIES LIVE IN NATIONAL HOMES THAN ANY OTHER HOMES IN THE WORLD

### Your own garden home

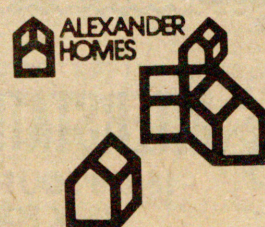

A whole new concept of indoor and outdoor space, with private fenced-in patios, vaulted ceilings, dream kitchens with all built-in appliances, two-car garages, glamour baths, carpeting and ingenious floorplans. Two, three and four bedroom models from \$34,900.

### You'll never rent again

once you've seen the spacious new Quad-Home condominium models at The Village. Four furnished two-bedroom models with built-in kitchen appliances, wall-to-wall carpeting, private, fenced patios and large storage area priced from \$18,950.

### TownHomes like you've never seen

With dramatic features you'd never expect for the low price: like immense family rooms with two-story high ceilings, all kitchen appliances, up to 2½ glamour baths, carpeting, attached garages and two, three and four bedrooms from only \$29,900.

## News Briefs

### New lot for used cars

ORLAND PARK — The Jeep vehicle and used car department of Terry's Lincoln-Mercury, 9920 W. 143rd St., have been moved to 14200 S. LaGrange Road.

Robert Miller, former owner of the Lincoln-Mercury dealership in Orland Park and of Terry's new location on LaGrange Road, will maintain an office in the Jeep sales office for Miller's recreational equipment sales.

Terry Kunes, owner of Terry's Lincoln-Mercury, says that the company's main location on 143rd Street will continue to display new automobiles as well as handle the firm's repair operation.

Kunes says that the additional location will enable the firm to expand its used car selection and facilities.

### Sertoma hears minister

TINLEY PARK — The Rev. William Nicholson of the Oak Forest United Methodist Church was guest speaker at the April Sertoma Club meeting held at Jardine's Restaurant.

"The Rev. Nicholson's speech on the ministry was an addition to the organization's series of guest speakers who have brought insight and un-

derstanding of a wide spectrum of viewpoints to the club membership," said Richard F. Kelly Jr., club president.

The Rev. Nicholson spoke to Sertoma members about the problems and satisfactions of a minister in the form of a letter to an undecided potential student of the ministry.

### Sieden bond vote June 3

TINLEY PARK — A building bond referendum of \$750,000 will be held on Saturday, June 3, it was decided by the Sieden Prairie Board after a lengthy discussion at their recent regular meeting last week.

After hearing home building projection reports by School Superintendent Donald J. Tesmond and by board member Edward Wilmore, the board passed a resolution calling for the referendum which would provide for the immediate purchase or rental of relocatable classrooms for the present Sieden Prairie School which will be needed for September and will provide for the building of a new school in the Lakewood Home Development in Richton Park and for the construction of a permanent addition to the Sieden Prairie School.

Board member John Stalze introduced a resolution which was passed by the board, authorizing the school district's architect, John Fox to meet with the board for the purpose of preliminary planning, and to authorize him to conduct a life safety code survey of the Sieden Prairie school.

In other board action, the board voted unanimously to retain the present book rental fees of \$10 a year for students in grades 1 - 8, and \$15 a year for kin-

#### Fines benefit area

COOK COUNTY — Suburban communities received \$295,185 in income through the Circuit Court of Cook County during March.

The money represents income from fines levied in the five suburban districts of the county's court system.

Listed are the amounts of fines collected for area towns in the sixth municipal district: Oak Forest, \$2,920; Tinley Park, \$1,951.

## Cubs race model cars

ORLAND PARK — The March meeting of Cub Scout Pack 368 included a pinewood derby race with some 48 pinewood derby cars racing. The grand champion trophy went to Mark Klienpaste; second place trophy, Greg Monnett; and third place trophy, Donny Creer.

The fourth through 10th place winners received ribbons. They were Bob Staszak, Mark Monnett, Keith Williams, Mike Shields, Pat Sereda, Keith Harbenson and Chris Bay-Anderson. The award for most original went to Mike Cyrus and Bill Lenhardt took first place for the best looking car. Jay Karlsson received second place for best looking.

Assistant dinner bars were presented to Mike Berg and David Jones, and dinner bars were given to Bill Berg and Mark Ashum.

Bobcat awards were presented to Chris Bay-Anderson, Brian Sparks and Chris Morris.

Wolf badges were earned by Bill and Mike Berg and Don Croven. Bill and Mike Berg also received gold arrows for Wolf and Bill Berg and Steve Stipp received silver arrows for Wolf.

Webelos awards also were presented during the meeting. Mark Ashum, geologist and scholar; Mark Klienpaste, aquanaut; Mark Klienpaste and David Jones, showman; and Mark Klienpaste, artist.

Mike Cyrus received first place in the best bottle drive poster contest. Brian Sparks took second place and Mark Monnett, third.

In other business a thank you card was presented to Bobbie Craven, den mother. Den 4 received the traveling trophy for winning three months in a row for the best projects. Den 3 received a trophy for the best project for March which was making stuffed animals.

Best attendance recognition went to Den 2 and 3 and Webelos Den 2.

### Novosel earns Ph.D. degree

TINLEY PARK — John Novosel, 7419 West 163rd Street, was awarded a Ph.D. in Mathematics from the Illinois Institute of Technology on May 18, 1972. His paper is titled, "A Class of Associator Dependent Algebras."

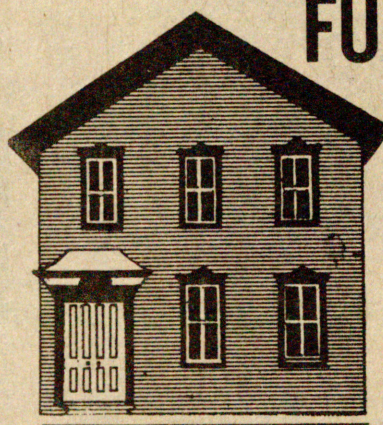

Novosel, 31 years old, is a district 140 school board member. He teaches at Southwest Junior College, Ford City Campus; he is also moderator of the Mathematics Club and sponsor of the girl's football team.

John and his wife, Beverly, have two children with a third on the way.

### From the blotter

## Clothes horse hits boutique

#### Tinley Park

May 13 — Two tires were stolen from a car at 7101 W. 166th St.

May 16 — Police reported the window of a car broken in a parking lot at 17301 Ridgeland.

May 16 — A fire was reported in a home under construction at 6434 W. 177th. The fire burned itself out.

May 16 — Greg Bauer, 10, of 17415 S. Harlem, was struck in the shoulder with a BB-shot while walking near his home.

May 17 — Police reported a burglary at the Boutique 17745 S. Oak Park. Three or four racks were ransacked, and between 450-500 articles were reported missing. Among the items were: dresses, slacks, hot pants, and beach robes.

#### Tinley Park Fire Calls

May 13 — The department assisted Oak Forest on a fire at 156th and Oak Park Ave.

May 17 — The department put out a grass fire at the Tinley Park Mental Health Center.

#### Oak Forest Police

May 15 — Vandals painted stop signs at the intersection of Briar and Rob Roy.

May 16 — Paint was sprayed on a car at 15859 S. LeClaire.

May 16 — Police reported thefts from road working equipment near 159th and Central. Taken from some gauges were broken on a bulldozer, and a fuel cap and parts were taken from a hi-lift truck.

May 17 — Police arrested a 16-year old for speeding, and driving a mini-bike without a valid license.

#### Orland Park Police

May 3 — An accident involving a dump truck and a three-fourth ton construction truck at the overpass of Southwest Highway resulted in an estimated \$500 damage. The driver of the dump truck, Donald Bonick, Bridgeview, struck the American Structures truck parked along the side of the road in a construction area. The driver of the construction truck was Gordon Roberts, Park Forest.

May 5 — Francis McCusker, Palos Hills, turned his motorcycle on its side to avoid a collision with a tank truck

stopped at 147th Street and Route 45. Damage to the 1972 cycle was estimated at \$200.

May 12 — Brigitte Harrington, 10263 S. Hibiscus, reported a coat and watch valued at \$110 stolen from her unlocked car parked at the Plaza Shopping Center.

May 14 — Brown's Chicken, 14450 S. LaGrange, reported \$500 cash stolen over Mother's Day weekend.

May 14 — Police checked a broken window at St. Michael School. Boards had been removed from the window and the metal frame opened. Nothing was reported missing.

May 16 — Another collision in the Orland Plaza parking lot caused \$125 in damages to the car of Rosemary Estand, 14407 S. Highland. The Estand car was struck by the car of Vennetta Helwig, 8901 Fairway Dr.

(The following calls were serviced by Hickey and Vandenberg Private Ambulance Service, Tinley Park.)

May 11 — Having difficulty breathing, Carol Flood, 17200 S. Oriole, was transported to South Suburban Hospital.

May 13 — Phillip Gillberg, 6901 W. 167th St., was treated at South Suburban Hospital for convulsions.

May 13 — Albert Schuit, Chicago, suffered multiple injuries after falling off his motorcycle at 171st Street and Cicero Avenue. He was taken to South Suburban Hospital.

May 14 — Suffering severe abdominal pains, Nancy Targas, 17335 S. Ozark Ave., was taken to Christ Community Hospital.

May 17 — Louis McQueary, 17366 S. Oleander Ave., was taken to Christ Community Hospital after suffering a possible heart attack.

May 17 — Young Robert McKinney, 7732 W. 159th St., was transported from 15300 S. Cicero Ave. to South Suburban Hospital.

May 17 — Ambulance technicians removed the body of an unknown female from the Cal Sag Chanel, Lemont, near the quarry. The woman, who had been missing for two days, was later identified as Marion Handorf, 5450 W. 127th St., Alsip.

## Want to quit smoking ?

BLUE ISLAND — Ready to quit the cigarette habit? But need help? Saint Francis Hospital, 12935 South Gregory, Blue Island, is sponsoring an "I Quit Smoking" clinic June 5 to 10, 1972, in its Assembly Hall.

The clinic will meet each of the five successive evenings from 7:30 to 9 p.m. in the hospital's assembly hall located on the first floor of the east building.

Registration is limited to the first 75 persons to register on a first come, first serve basis. The workshop is open to the general public from the surrounding

areas. There is no registration fee and pins and certificates will be given out upon successful completion of the clinic.

The clinic is being held in conjunction with the American Cancer Society. The program features motion pictures, slide presentations, lectures by physicians, psychiatrists, and other persons who have successfully kicked the smoking habit, and group participation.

To make reservations, call the public relations office, 597-2000, ext. 563, or complete and mail coupons found in local papers.

650 - Wanted to Buy

WANTED to buy, big old Lionel or American Flyer toy trains in any condition. 312-747-8182.

For Father's Day: GIVE DAD AN AD and two tickets to either Wrigley Field or Sox Park for only \$5.00.

This Father's Day, run a three-line ad in the Crescent and Citizen Newspapers telling Dad how great he is. We'll not only run the ad in all 23 of our newspapers, we'll send certificates redeemable for general admission to either Wrigley Field or Sox Park on the day of Dad's Choice. All this for just \$5.00.

How To Get In On A Good Thing Write a three-line (15 word) message on a plain piece of paper. Include your name and telephone number, and the address to which we should send your message and certificates. Don't forget to tell us if you want tickets for the Cubs or Sox. Put the message in an envelope along with \$5.00 and bring it in to any Crescent or Citizen office, or mail to: Crescent Newspapers, Inc. Classified Department Downers Grove, Ill. 60515 852-9400

PLEASE DON'T SEND CASH THROUGH THE MAIL.

Romeoville - Hampton Park Area: HOUSEWIVES

Can you use \$100.00 a month extra? If so, be a counselor for newspaper carriers in your area. Work about 10 hours a week. Car necessary. This is a permanent part time position. Call the Circulation Department for details. 852-9400

CRESCENT NEWSPAPERS, INC. Downers Grove

CLASSIFIED ADVERTISING

### Please Note:

"Help Wanted" headings directed specifically toward either men or women are used merely for the convenience of our readers, to let them know which jobs have historically been more attractive to persons of one sex than the other. The placement of an ad under a heading is not in itself an expression of a preference, limitation, specification or discrimination based on sex.

## Win 22 days in Europe and a VW to bring home. Free. You could be the winner in this area.

We're having a contest. If you win we'll give you Holland, Switzerland, Germany, Belgium, Austria, Luxembourg, And France. We'll give you twenty-two days, with deluxe and first class accommodations, and breakfasts and dinners on us. We'll give you a Volkswagen Super Beetle for sightseeing. And afterward we'll bring it home as your souvenir.

We'll give you all this, free, if you do two things. One, come in and test drive a new '72 Volkswagen. You'll discover it's ahead of its time. And two, come up with the winning entry in the contest to name our new computer plug.

AUTHORIZED DEALER

That's the plug that will connect every new Volkswagen to our VW Computer Self-Analysis System. It's the service system of the future.

Every '72 Volkswagen is already equipped for it, and the first computers will begin operation soon. Come in and let us tell you about it. And about the contest.

After all, it's probably the first time you've been able to enter a contest with a bug in it. Don't wait any longer.

\*Federal, State and local taxes, if any, not included.

Clearview Estates, a 254-home development across 143rd Street from the Riviera Swim Club, was launched last week with an official ground breaking. Taking part were George Brown, Orland Park building inspector; Bruce Johnson, contractor; Mayor Melvin Doogan; Dave Pedigo, contractor; and George Chastain, engineer.

Clearview started

Special ed PTA gives grants

SOUTHWEST — Stagg High School, District 230 was the host school for the recent Southwest Cook County Special Education Parent Teacher Association installation banquet.

Guests included Walter Fierke, retiring Superintendent of School District 146 and Mrs. Fierke. Fierke was lauded for his contribution to special education by speakers Al Putz, board president, district 146; Benjamin Braun, Director of Southwest Cook County Special Education Cooperative; Zenon Sykuta, superintendent of district 160, who is also chairman of the Cooperative board; and parent Isobel Farrington.

Installing officer was Margaret Hale, supervisor of program for the mentally handicapped. Mrs. Hale is also a past P.T.A. officer at a district and local level.

She presented a rose, symbolic of their office, to Joyce Stevenson, president; Susan Stroh, vice-president; Barbara Bickel, secretary; and Pat Lucas, treasurer.

Miss Stevenson is a special education teacher at Memorial School, District 146

and Mrs. Stroh is a special education teacher at Little Hazelgreen School, District 126. Mrs. Lucas and Mrs. Bickel are parents of children enrolled in one of the many Cooperative classes.

Entertainment was provided by the Way, Way, Way, Off Broadway Players - a group of talented teachers from School District 126 under the direction of Thomas Goux.

Presentation of the P.T.A. scholarship awards and professional growth grants was made by Miss Marie Sink, Superintendent of School District 126. Fifty dollar checks were given to Betty Kirby, speech therapist; Lori O'Connor, teacher of the physically handicapped; Leslee Williams, teacher of the blind; Elaine Brault, learning disabilities teacher; John Burke, teacher aide in the physically handicapped program; Paul Schreck, vocational coordinator; Kerry Tesky, TMH teacher; and Mary Rajkowski.

Table centerpieces, made by students at the Cooperative's Prevocational Training Center were awarded to lucky guests who found stickers on the backs of their chairs.

Cooperative teachers invited building principals as guests for the evening. Among them was Marilyn Halpin, principal of Tinley Heights School, District 140 who was the guest of Pat Hart, TMH teacher. Miss Ellen Hart her aide and Denise LaFine EMH teacher. Winner of the table prize, Mrs. Halpin's

special education staff also presented her with a corsage.

On Stelter homestead

Builder launches Clearview

ORLAND PARK — The Stelter homestead farm, east of this community on 143rd Street, will be transformed into the Clearview Estates subdivision during the next few years.

Ground was broken Thursday morning of last week for the first of 254 single family units to be built on the first 100 acres of the farmland. Bee Dee Builders, Inc., will develop the 145-acre subdivision.

Mr. and Mrs. Alvin Stelter have retained five acres of the original homestead on which their home is located. The title of the subdivision, "Clearview," was provided by the Stelter family.

Unit One of the development will be

the initial construction area and contain 91 single lots. The entire subdivision will be bounded by 143rd Street on the south, 139th Street on the north, 88th Avenue on the east and 92nd Avenue on the west.

The completed project calls for 216 apartment units. The single family homes will be in the \$37,900 to \$45,500 price range.

Bee Dee Builders, Inc., the developers of Orland Park's most recent residential start, began operation eight years ago in Bridgeview when two high school classmates teamed up to form the infant company.

During the past four years they have developed the 315-home Oakwood Hills

subdivision in Palos Hills. Prior to that project Bee Dee was in the Bridgeview community where the firm built 60 homes.

Dave Pedigo and Bruce Johnson were graduated from Oak Lawn High School. They began work with Casual Homes as carpenters and then formed the Bee Dee firm. Their first employee was carpenter Harry Mitchell who is still a member of the company which now employs 35 people in sales and construction.

Contractor Pedigo sees a "terrific home market" this year. He reports that eight homes in the Clearview Estates were sold before ground was broken last week for the model home. The firm expects to build 15 to 20 homes this season. The model home will be completed in two months.

Bee Dee does the complete construction job. "We have better control of the job," explains Johnson, "when we are able to do our own excavating, carpentry, concrete finishing and sales."

Although the relatively young home building firm has no immediate expansion plans beyond the Clearview Estates development, the two contractors own 300 acres in Green Garden Township in Will County. Green Garden is frequently referred to in discussions concerning the location of a third major airport in the Chicago area.

The Pedigo family resides in Palos Hills and the Johnsons are residents of New Lenox. The seven children of the two builders have provided the names for the streets in Clearview.

The initial model home is being built on 143rd Street and Kathy Court.

Rayson against landfill

TINLEY PARK—State Representative Leland Rayson (D., 9th) leveled a blast at the proposed 200-foot-high garbage hill sought by landfill operators in Palos Township.

Rayson said that the 120-acre site is too valuable to be used as a garbage dump no matter how pretty the developers paint the operation.

"The residents of Palos Township should have some control on how the natural resources of their area should be used and it is evident from mail that no-one who lives in or near Palos Township wants a landfill," Rayson adds.

Rayson said that the argument that this area is running out of space to dump garbage is hardly reason to expect the

residents of Palos Township to open their door to a noxious operation.

"My mail also indicates that the residents are not impressed with the expert testimony that there will be no air or water pollution. They have seen, with mounting regularity, other landfill operations which promised much and delivered little in terms of meeting their public responsibility," Rayson said.

"I am firmly against the use of the McCarthy and Will-Cook Road site for a landfill and I will make my opposition public at the Aug. 11 meeting," Rayson concluded.

Rayson, a four-term legislator has long been active in environmental and consumer programs in the legislature.

# High speed chase ends in Oak Forest

TINLEY PARK — A high speed chase through village streets ended when Oak Forest police apprehended a 17-year-old youth Thursday, May 11.

The chase began at 175th Street and Ridgeland Avenue when Tinley Park police noticed a car with one tail light driving in an erratic manner southbound on Ridgeland Avenue.

When police attempted to stop the car, it took off turning west on 177th Street. The car proceeded to 65th Avenue, turning north on 65th to 174th Street and east on 174th to Ridgeland. The car then

proceeded north on Ridgeland to Oak Forest Avenue and east on Oak Forest to Central Avenue and, then north on Central. The car was finally apprehended by Oak Forest police at 162nd Street and Labtrobe Avenue.

The driver William Krentkowski 16116 Labrobe Ave., was charged with driving with one tail light, speeding, fleeing and eluding a police officer, and having no valid drivers license in his possession.

Police said that during the chase Krentkowski reached speeds of up to 70 mph, with much of this speed being in a 20-mph zone.

## Service News

FRANKFORT — Navy Seaman Robert L. Webster Jr., son of Mr. and Mrs. Robert L. Webster Sr. Route 1, Frankfort, became a "Shell back" after Equator-crossing initiation ceremonies aboard the aircraft carrier USS Saratoga, now in Southeast Asian waters.

In the comical, good-natured tradition, he and 4000 other "Pollywogs" were welcomed into the realm of Neptunus Rex by 600 Saratoga men who had crossed the line before.

improved land in the area of his subdivision or planned unit development or other evidence thereof and final determination of said "fair market value" per acre of such improved land shall be made by the Village Board based upon such information submitted by the Subdivider or developer of planned unit development and from other sources which may be submitted to the Village Board by the School District or others.

(2). Criteria for Requiring Dedication and a Fee:

There will be situations in subdivisions or planned unit developments when a combination of land dedication and a contribution in lieu of land are both necessary. These occasions will arise when:

(a) Only a portion of the land to be developed is proposed as the location for a school site. That portion of the land within the subdivision or planned unit development falling within the school location shall be dedicated as a site as aforesaid, and a cash contribution in lieu thereof shall be required for any additional land that would have been required to be dedicated.

(b) A major part of the school site has already been acquired and only a small portion of land is needed from the development to complete the site. The remaining portions shall be required by dedication, and a cash contribution in lieu thereof shall be required.

C..Density Formula:

The following table of population density is generally indicative of current and short range projected trends in family size for new construction and shall be used in calculating the amount of required dedication of acres of land or the cash contributions in lieu thereof unless a written objection is filed thereto by the subdivider or developer of the planned unit development.

| 3 Bedroom  | .150 | .080 | .23 | .092 |

In the event a subdivider or developer of a planned unit development files a written objection to the Table of Estimated Student Population listed herein, he shall submit his own demographic study showing the estimated additional population to be generated from the subdivision or planned unit development and in that event final determination of the density formula to be used in such calculations shall be made by the Village Board of Trustees based upon such demographic information submitted by the subdivider or developer of the planned unit development and from other sources which may be submitted to the Village Board of Trustees by the School Districts or others. It is recognized that population density, age distribution and local conditions change over the years, and the specific formula for the dedication of land, or the payment of fees in lieu thereof, as stated herein, is subject to periodic review and amendment if necessary.

D. Reservation of Additional Land:

Where any other ordinance of the Village requires a larger amount of property for school sites in a particular subdivision or planned unit development than the subdivider or developer of a planned unit development is required to dedicate by virtue of the provisions of this ordinance, such other ordinance shall prevail and be complied with.

E. Combining with Adjoining Developments:

Where the subdivision or planned unit development is less than 40 acres, a school site which is to be dedicated should, where possible, be combined with dedications from adjoining subdivisions or planned unit developments in order to produce usable school sites without hardship on a particular subdivider or developer of a planned unit development.

F. Topography and Grading:

The slope, topography and geology of the dedicated site as well as its surroundings must be suitable for its intended purposes.

G. Improved Sites:

All sites shall be dedicated and improved in accordance with the applicable ordinances of the Village.

SECTION 2:

The dedications of land or cash contributions in lieu thereof required by this Ordinance shall also as a matter of policy of the Village be required as a condition to the annexation of any land to the Village and provisions therefor shall be incorporated in any annexation agreement governing such land.

SECTION 3:

If any provisions of this Ordinance, or the application thereof to any person or circumstances is declared invalid by a court of competent jurisdiction, such partial invalidity shall not affect other provisions or applications of this Ordinance, which can be given effect without the invalid provision or application thereof, and to this extent the provisions of this Ordinance are declared to be severable.

SECTION 4:

All ordinances or parts of ordinances of the Village heretofore adopted and which may be in conflict in whole or in part of any of the provisions of this ordinance are hereby repealed to the extent of any such conflict.

SECTION 5:

This Ordinance shall be in full force and effect from and after its passage, approval and publication as provided by law.

PASSED this 17th day of May, 1972.

AYES: Earl Schroeder, Howard Hutchins, Francis Miller, Jack Batson, James Warning  
NAYS: None  
ABSENT: Lutz Guenther  
APPROVED this 17th day of May, 1972.

# High speed chase ends in Oak Forest

TINLEY PARK — A high speed chase through village streets ended when Oak Forest police apprehended a 17-year-old youth Thursday, May 11.

The chase began at 175th Street and Ridgeland Avenue when Tinley Park police noticed a car with one tail light driving in an erratic manner southbound on Ridgeland Avenue.

When police attempted to stop the car, it took off turning west on 177th Street. The car proceeded to 65th Avenue, turning north on 65th to 174th Street and east on 174th to Ridgeland. The car then

### VILLAGE OF NEW LENOX ORDINANCE NO. 289

An Ordinance Providing For Dedication of School Sites or For Payment of The Fees in Lieu of School Sites by Land Developers, Builders or Subdividers.

WHEREAS, during the past ten years the Village of New Lenox and New Lenox Township have both experienced a rapid increase in population due principally to the subdividing of vacant land within the jurisdiction of the Village; and

WHEREAS, planning studies have indicated that such population growth will accelerate during the next ten years resulting in the rapid disappearance of available land and the marked increase in land values; and

WHEREAS, the Village has found that healthful, productive community life depends in part on the availability of adequate school facilities; and

WHEREAS, it is hereby found and determined that the public interest, convenience, health, welfare and safety require the establishment of school sites within the Village in accordance with the following criteria which is consistent with the minimum site recommendations of the office of the State Superintendent of Public Instruction, Elementary School District No. 122, Will County, and High School District No. 210:

- 600-capacity elementary schools (K-5) on eleven acres of land;
- 900-capacity junior high schools (6-8) on nineteen acres of land;
- 2500-capacity high schools (9-12) on fifty acres of land;

WHEREAS, demographic studies of the residential portions of a proposed subdivision or planned unit development can be readily and scientifically conducted to determine the number of elementary and secondary school age children and adults to be generated therefrom, and provide a method whereby the required dedications of land directly attributable to the activity of the subdivider-developer and the proposed subdivision or planned development may be calculated; and

WHEREAS, it has been found and determined that the locations of school sites to serve the immediate and future needs of children of each new subdivision or planned unit development is just as essential to proper land development as are streets, water, sewers and sidewalks, and to that end the Village has determined that the dedication (where the latter is deemed impractical) or a combination of both, shall be required of each subdivider, builder or developer of a planned unit development;

NOW, THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF NEW LENOX, WILL COUNTY, ILLINOIS, as follows:

#### SECTION 1:

That Ordinance No. 63 of the Village entitled "An Ordinance Providing for the Adoption of the Official Plan of the Village of New Lenox" adopted April 3, 1957, be and the same is hereby amended by adding thereto the following Section III:

SECTION III: Dedication of School

Sites or for Payments of Fees in Lieu Thereof.

As a condition of approval of a final plat of subdivision, or of a final plat of a planned unit development, each subdivider, builder or developer will be required to dedicate land for school sites, to serve the immediate and future needs of the residents of the development, or cash contribution in lieu of actual land dedication, or a combination of both at the option of the Village, in accordance with the following criteria and formula:

A. Criteria for Requiring School

Site Dedication:

(1). Requirement and Population Ratio:

The ultimate number of students to be generated by a subdivision or planned unit development shall bear directly upon the amount of land required to be dedicated for school sites. The land dedication requirement shall be determined by obtaining the ratio of: (a) estimated children to be served in each such school classification over the (b) maximum recommended number of students to be served in each such school classification as stated herein, and then applying such ratio to the (c) said minimum recommended number of acres for a school site of each such school classification as stated herein. The product thereof shall be the acres of land deemed needed to have sufficient land for school sites to serve the estimated increased children in each such school classification.

..(2). School Classifications and Size of School Site:

School Classifications and size of school sites within the Village shall be determined in accordance with the following criteria:

| School Classification by Grades                           | Maximum Number of Students for each School Classification | Minimum Number of Acres of Land for each School Site of Such Classification |
|-----------------------------------------------------------|-----------------------------------------------------------|-----------------------------------------------------------------------------|
| Elementary Schools, Grades Kindergarten through 5th (K-5) | 600 Students                                              | 11 acres                                                                    |
| Junior High Schools Grades 6th through 8th (6-8)          | 900 Students                                              | 19 acres                                                                    |
| High Schools, Grades 9th through 12th (9-12)              | 2500 Students                                             | 50 acres                                                                    |

The comprehensive School plan and-or the standards adopted by the affected School District shall be used as a guideline in locating sites.

B..Criteria for Requiring a Contribution in Lieu of a School Site:

Where the development is small and the resulting site is too small to be practical or when the available land is inappropriate for a school site, the Village shall require the builder to pay a cash contribution in lieu of the land dedication required. The cash contributions in lieu of school sites shall at the time of issuance of building permits be paid to the appropriate school districts for use in the acquisition of land for a school site to serve the immediate or future needs of children from that subdivision or development or for the improvement to any existing school site which already serves such needs, or for the construction of any school buildings or additions thereto, or for the retirement of any bonds issued for school construction or improvements.

(1). Fair Market Value:

The cash contributions in lieu of land shall be based on the "fair market value" of the acres of land in the area improved as specified herein, that otherwise would have been dedicated as park and recreation and school sites. It has been determined that the present "fair market value" of such improved land in and surrounding the Village is \$10,000.00 per acre and such figure shall be used in making any calculation herein unless the subdivider or developer of planned unit development files a written objection thereto. In the event of any such objection the subdivider or developer of planned unit development shall submit an appraisal showing the "fair market value" of such

The Gilson RM-8. You'll never drive a bigger value.

Try it and see. Compare it and you'll agree. The Gilson RM-8 is built the way a riding mower should be built. It has an extra rugged frame with the engine balanced right over the rear wheels. As a result, you get more sure-footed traction and faster power response. And it drives like a car with 3 speeds forward, neutral and reverse to give you full control of the powerful 8 hp. Briggs & Stratton engine. More, there's a cushioned bucket seat, automotive-type steering, 34" cut with 3 blades and a full-floating deck, 4 cutting heights, combination clutch-brake with parking lock and big, fat tires to protect your lawn.
